

MOORHEAD COUNTRY CLUB - OUTSIDE FOOD & BEVERAGE POLICY

To preserve the quality of our member experience and comply with state regulations, Moorhead Country Club maintains a strict policy prohibiting outside food and beverage on all club property. This includes, but is not limited to:

- The golf course
- The clubhouse
- The swimming pool area
- All surrounding club-owned facilities and grounds

Per **Minnesota Statute 340A**, it is unlawful to bring any container of alcoholic beverages onto licensed premises. As a licensed establishment, Moorhead Country Club is legally required to enforce this statute, and violations may jeopardize our liquor license.

Additionally, our food and beverage services are a valued amenity of your membership. The Club has a vested interest in protecting this operation, which plays a vital role in the overall financial health and sustainability of our community.

Your cooperation in supporting this policy helps ensure continued success for our food and beverage operations and protects our ability to serve you and your guests with quality, professionally managed service.

We appreciate your understanding and ongoing support.
