IMMUNIZATION OF STUDENTS

All students who enroll at L'Ecole Francaise du Maine are required by Maine law to present a certificate of immunization or evidence of immunization or immunity against poliomyelitis, diphtheria, pertussis (whooping cough), tetanus, measles, mumps, rubella and varicella (chicken pox).

Non-immunized students shall not be permitted to attend school unless one of the following conditions are met:

- A. The parents/guardians provide to the school written assurance that the child will be immunized within 90 days of enrolling in school or his/her first attendance in classes, whichever date is earlier. This option is available only once to each student during their school career; or
- B. The parents/guardians provide a physician's written statement each year that immunization against one or more diseases may be medically inadvisable (as defined by law/regulation); or
- C. Philosophical or religious exemption: In accordance with MRS 20-A §6355, a student covered by an Individualized Education Plan on September 1, 2021 who elected a philosophical or religious exemption from immunization requirements on or before September 1, 2021 pursuant to the law in effect prior to that date may continue to attend school under that student's existing exemption as long as: A. The parent or guardian of the student provides a statement from a licensed physician, nurse practitioner or physician assistant that the physician, nurse practitioner or physician assistant has consulted with that parent or guardian and has made that parent or guardian aware of the risks and benefits associated with the choice to immunize; or B. If the student is 18 years of age or older, the student provides a statement from a licensed physician, nurse practitioner or physician assistant that the physician, nurse practitioner or physician assistant has consulted with that student and has made that student aware of the risks and benefits associated with the choice to immunize.

The Head of School is directed to develop such administrative procedures as are necessary to

carry out this policy and comply with statutory requirements.
