Breck 2025 Pre-Season Power On Ice Program Details

Power On Ice (POI) is a power skating program designed to help hockey players with their skating skills. This includes technique, speed, power, agility, balance and quickness. In addition, Geno Parrish will be working with the players on stick handling, checking and game related topics for the Saturday and Sunday sessions.

1. Power On Ice will be held as a pre-season power skating program geared towards improving the players skating skills. While most power skating programs / hockey camps have 30 – 40 players on the ice at one time, POI limits the number of players to ensure more individual attention and actual real-time corrections rather than just running players through drills.
2. 8 sessions per POI program of ice time and coaching, over 4 days for Rec., Travel / HS. Mini-Mite / Mite , Checking & Bungee Cords programs are less.
Mini-Mite / Mite: 3 hours **Rec. POI Program: 8 hours** **Travel & HS POI Programs: 10 hours** **Checking Clinic: 2 hours** **Bungee Cords: 1 hour**
3. You won't find my coaching style, attention to detail and true compassion for your player anywhere else.
4. **Pre-Season Power On Ice Programs** will be held at the Stephen C. West Ice Arena, Breckenridge, Colorado.

REGISTRATION DEADLINE: **Currently open – July 9, 2025**

ALL Prices increase \$75 after designated registration deadline

Breck 2025 Pre-Season Power On Ice Coaches

Tara Lane

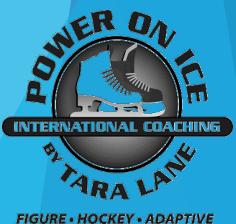

Tara grew up in Chicago, began skating at age 7, and started her coaching career in 1988. Tara coaches figure skating and power skating for hockey players/teams of all ages and levels. Tara has held many successful Power On Ice power skating clinics/camps here in the Vail Valley, works with Vail Mountaineers, Glenwood Springs Grizzly's, many of the Thunderbirds players, and coaches the Mountain Women's Hockey league training clinics. Tara is also is the head power skating coach for the VSSA hockey program. She has coached with nationally recognized power skating programs (Laura Stamm and Robbie Glantz) and worked closely with Monty, Rocky and NHL Hall of Famer Bryan Trottier to provide power skating instruction for TNT summer hockey camps, 1999 – 2002. Most recently, Tara has mentored with the Chicago Blackhawks Power Skating Coach, Kevin Delaney (owner of Delaney Hockey) and has co-coached hockey programs with Geno Parrish.

Tara's goal as a coach is to help any skater be the best they can be, help them achieve their goals, and realize their true potential both on and off the ice. Tara relocated to the Vail Valley in August 2006 where she continues her successful coaching career. She also enjoys water skiing, snow skiing, skate skiing and cycling with her husband Matt, is a motivational speaker on a national level for Multiple Sclerosis and enjoys volunteering and helping the Multiple Sclerosis Community.

Geno Parrish

Geno Parrish is the Founder and President of Four Star Hockey. Aside from raising a family, hockey has been his purpose for nearly 40 years. Whether playing, coaching, teaching, training or scouting; his passion, knowledge and respect for the game grows on a daily basis. His style and philosophy are often imitated but never duplicated. His ability to develop players, knowledge of the game, passion and character define him as the state's top trainer. Whether working with a ten-year-old or a seasoned NHLer, he has the unique ability to both inspire and maximize personal growth. His methods, by design, are constantly evolving to consistently spark motivation, amplify lesson retention and keep you ahead of your competition.

He attended high school at the Academy of Holy Angels and earned several team and conference accolades. Went on to play Junior B hockey with the Bloomington Blades and the following year with the St. Paul Vulcans in the USHL. As a 'walk on' with St. Cloud State University, his hard work, dedication to the team and leadership attributes earned him the captaincy his senior year. From there, he played eight years of professional hockey in the CHL, IHL, UHL, ECHL in Indiana, Michigan, Tennessee, North Carolina, Connecticut, California, Texas and even one magical season in Germany.

A 'well traveled' professional player, in 2007 he chose to shift his focus and reconnect his growing family to their Minnesota roots and start training hockey players. In doing so, he found that working as an instructor and advisor was his true passion. Day after day, he strives to help players of all ages understand the perplexing intricacies and overcome the innumerable pitfalls that they will eventually encounter. His ability to break down bad habits, successfully mold and improve the next generation's perspective and game comprehension is second to none.

Geno does not believe in the abuse of extrinsic motivation. He works relentlessly to keep both players and parents informed and to release them from the suffocating grip of 'But, I'll never make it if I don't pay to play for this ultra-premier-youth-elite-league-training-showcase-program-tournament-shenanigan' propaganda and paranoia.
