

Post-Travel Quarantine Policy

From time to time the United States Government may issue Travel Health Notices for certain areas of the world. In order to protect the students and staff of King's Ridge Christian School when such notices are issued, the Board of Trustees has adopted the following policy.

Any King's Ridge Christian School family that travels to or has a member of the household that travels to an area in which the United States Government has issued a Level 3 Travel Health Notice and returns from that area will be required to keep their King's Ridge Christian School student at home from school during the Prescribed Quarantine Period. The Prescribed Quarantine Period will be determined by the school administration based on recommendations from the CDC, Georgia Department of Health and/or City of Alpharetta.

Prescribed Quarantine Period COVID-19 Virus – Effective March 10, 2020

The Prescribed Quarantine Period for the COVID-19 is two weeks from the time the family or member of the household returns from the area under the Level 3 Travel Health Notice.
