

Scenic Art - Drops & Murals

August 16-20, 2021

Artist Instructor Michael Wharran

This course is designed for artists who would like to use their painting skills to GO BIG!

Enjoy the process of creating a large-scale, theatrical drop - taking a design image from page to stage - from layout to a painted drop.

Start with a designer's vision or your own reference, then work toward a set piece or mural. Building the image in stages, learn the continental style of painting used by theatrical artists for centuries.

Discover the techniques, shortcuts and secrets used by today's professional scenic artists. Paint and take away your own piece of theatrical art. All materials supplied. Maximum size of mural or drop is 8 feet x 6 feet.
