Guidelines for prayer requests

These guidelines are offered as a reminder of how our prayer list operates each month. When the church office learns that someone is ill, the staff does not assume that person wishes to have his/her name listed on the prayer list. In fact, some people are very clear they do not wish to be listed. Therefore, if you wish to be remembered in prayer or have prayers for another, please call the church office at 770 963-4499. Upon request to have your name or another's name placed on the list, the name will remain on the list for two months. Please call the church office to begin a new two month cycle. If the person's name needs removal before this, please notify the church office. The prayer list does not contain specific health information. It is the church's policy to respect people's privacy. When submitting a prayer request, remember to include your name so that if follow-up information is necessary, we know who to contact.
