

## **Are You an Empath..And More?**

with C Bean

Saturday, February 15, 1-4p

Cost: \$30

### **Empaths:**

- are affected by others' energies and are often not aware of the influence from others wishes, thoughts, moods, desires and emotions.

- often feel physical symptoms, earth movements and the pre and post responses of major man-made tragedies.

- may ignore their own needs, isolate and may come across as detached and uncaring... you prefer to be with nature and animals, not people.

- are Wayshowers, Intuitives, have varying Paranormal, Near Death and Out of Body Experiences; and if these are not understood you may suppress these talents.

You, the Empath, the Wayshower, chose to bring your talents and gifts into the world at this monumental time.

You are valuable and needed. Love is yearning to be known in our world through you!

If you are curious or if this rings familiar join us with the exploration!
