The Reiki Center is the only facility in central Ohio which provides Reiki training in the traditional (original) method. The difference between traditional and modern (Western) Reiki training is significant, as the original version provides more comprehensive training, and a deeper understanding of the practice's spiritual impact on your life, i.e. finding meaning and purpose.

Classes are small, no more than 8 students, to permit maximum time for personal instruction.

Four personalized hands-on Attunements will prepare the student to clear blockages from the body in preparation for receiving, feeling and working with healing energy.

Students will discover peace of mind just by employing an easy to use technique. Learn multiple meditation techniques. Identify and transmit healing energy to relieve a headache or an aching muscle without medication. Hands-on experiences will show you how to feel energy and see its immediate impact on yourself, family, friends and pets. Learn specific techniques to enhance your practices, including how to create a positive affirmation to help clarify and realize your goals, how to develop intuitive abilities and how to connect with your Guides.

Course includes a binder of instruction materials and vegetarian lunches.
