

Channeling Mentorship Program: Level 1

(6 week series)

The Art of Channeling Your Best Life & Manifesting Your Highest Potential

with Purandev Kaur (Emily Willen)

6 Sundays, February 16-March 22, 2-4p

Cost: \$350

In this six week one-of-a-kind series, you will be guided through the process of channeling: what it is, how it works, how to practice in a safe, satisfying and sacred way.

Join Purandev Kaur (Emily Willen), a practiced trance channeler, as she brings through the energy of Gaia (Mother Earth) to guide you through this unique and powerful program. This class offers a safe and nonjudgmental space in which students will support each other in learning how to channel.

Each student will be assigned a spiritual ‘mentor,’ such as an Ascended Master or Archangel, who will remain with them throughout the duration of the program. Working closely and developing a relationship with their mentor, students will cultivate the skills necessary to channel wisdom and guidance from the higher realms.

This course is appropriate for anyone who has a sincere desire to open up to higher levels of consciousness and connect with the unconditional love and guidance of the world beyond the veil. There are no prerequisites but experience with channeling or meditation is helpful.

Classes will be held on Sundays from 2:00-4:00 pm from February 16 through March 22nd, culminating during the week of the spring equinox.

Channeling Mentorship Program: Level 2

(6 week series)

with Purandev Kaur (Emily Willen)

6 Sundays, February 16-March 22, 11a-1p

Cost: \$350

Level 2 of the Channeling Mentorship Program provides students with the opportunity to continue their channeling journey, as well as to deepen and refine the channeling skills they cultivated in Level 1.

This course utilizes same set-up of meeting once a week, but rather than working with one main mentor like in Level 1, students are given the opportunity to explore what it feels like to channel multiple energies and work with different mentors concurrently.

Building off the principles, skills, and concepts that participants harnessed in Level I, the Level 2 course allows participants to take the principles from being “concepts” in the mind and body to being truly activated within—so that instead of learning the material, you BECOME the material.

The course content will still be generated and co-facilitated with Gaia as the main over-seer, although other energies will contribute and collaborate with the co-creation of the group.

The material and exercises in Level 2 are more self-initiated and selfguided in nature than in Level 1, although the guidance of Gaia and your mentor is always available at any time.

Classes will be held on Sundays from 11:00-1:00 pm from February 16 through March 22nd, culminating during the week of the spring equinox.

*Level 2 is only open to those who have already completed the Level 1 course.
