

Reiki 1/ Animal Reiki Combo Class
with Kaye Smith
Saturday, Feb. 10 & Sunday, Feb. 11, 9a-6p
Cost: \$400

Are you interested in learning how to help your pets but you aren't Reiki-trained? If so, this special class is for you!

The Reiki Center is the only center in central Ohio to teach both Animal Reiki and Reiki in the traditional (original) format.

This class will teach you the Reiki I curriculum. You learn to relieve a headache or aching muscle without medication. You will use hands on techniques that will show you how to feel energy and see its immediate impact on others. These techniques will prove valuable as you begin to work on yourself, family, friends and pets. You will learn how to create a positive affirmation to help clarify and realize your goals, how to develop intuitive abilities, and connect with your guides. You will learn Reiki in the traditional method which provides a more comprehensive training, and a deeper understanding of the practices spiritual impact on your life, i.e. finding meaning and purpose.

We combine this with our Animal Reiki class. Animal Reiki is an energetic connection specially adapted to pets and other animals which offers targeted pain and stress techniques through a light touch. You will be able to take a more active role in your pets health and well being and strengthen your bond as you learn to understand each other on a deeper level. You will learn treatment techniques for assessing energy imbalances throughout the animal chakra system and how to work with these energy centers.

Classes are small, no more than 4 students to permit maximum time for personal instruction. Four personalized hands-on attunements will prepare the student to clear blockages from the body in preparation for receiving, feeling and working with energy. The ethics and delivery of a successful session will be addressed in detail. Hands on sessions working with humans and animals will be included.

This will teach two of our most popular classes together. You will enjoy taking classes and learning with like-minded animal lovers.
