Taste of the Finger Lakes Announces Funding Recipients

Awards Granted in 2024 to Local Nonprofits Supporting Food Security

(Ithaca, NY) – Taste of the Finger Lakes is pleased to announce the seven local organizations the volunteer committee has chosen for funding in 2024. They are as follows:

- Food Bank of the Southern Tier
- The Youth Farm Project
- The Center For Transformative Action - Healthy Food For All
- Foodnet Meals On Wheels
- Lodi Food 4 All Pantry of South Seneca
- Friendship Donations Network
- No Más Lágrimas (No More Tears)

The committee made difficult decisions amongst a strong pool of applicants in an effort to maximize impact, regional reach, and support of direct action organizations. Award amounts will be announced in late June following Taste's flagship fundraising event at the Ithaca Farmers Market set to take place on June 11th.

Early bird tickets for this year's event are on sale through April. 100% of ticket sales are donated to the selected nonprofits.

Since its inception in 2022 Taste of the Finger Lakes has donated $75,000 to organizations across our region.
