Below is a list of the subject areas OLLI workshops currently cover. These are the areas that new members are interested in.

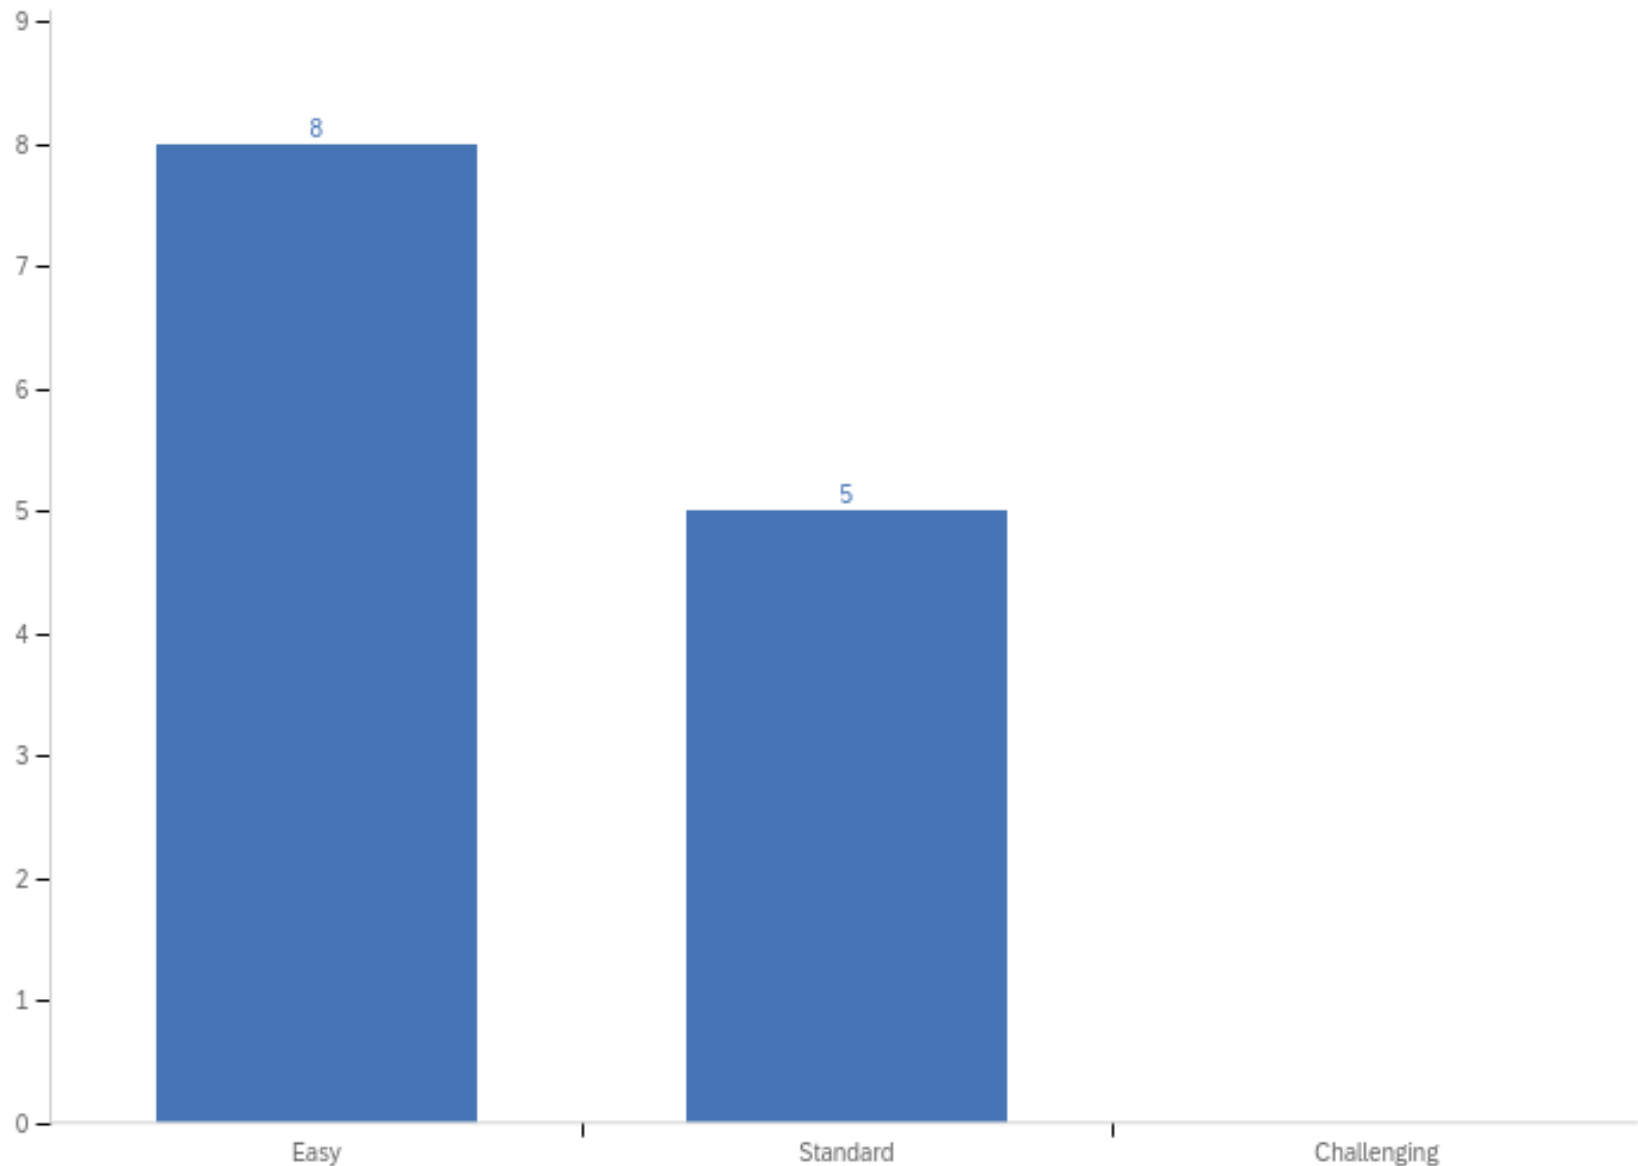

Below is a list of the subject areas that we would like to cover in the future. These are the areas that new members are interested in.

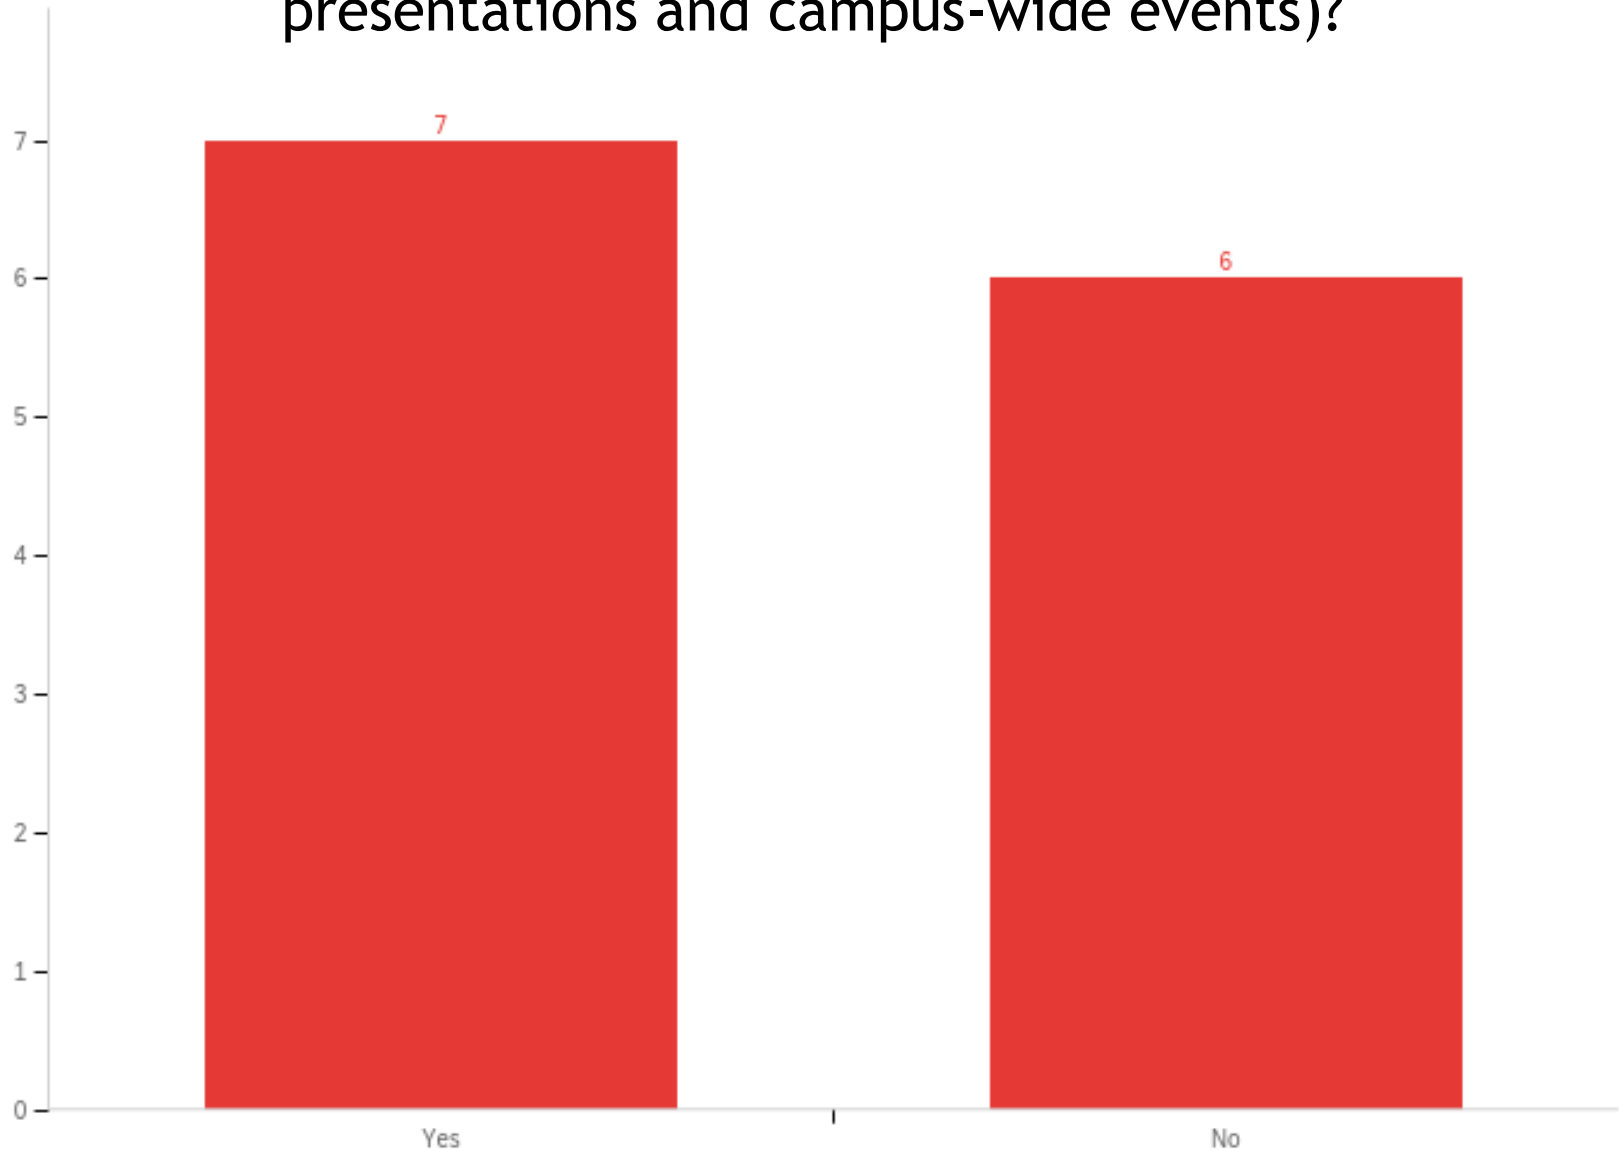

Please choose the option that best describes your opinion about the cost of OLLI membership.

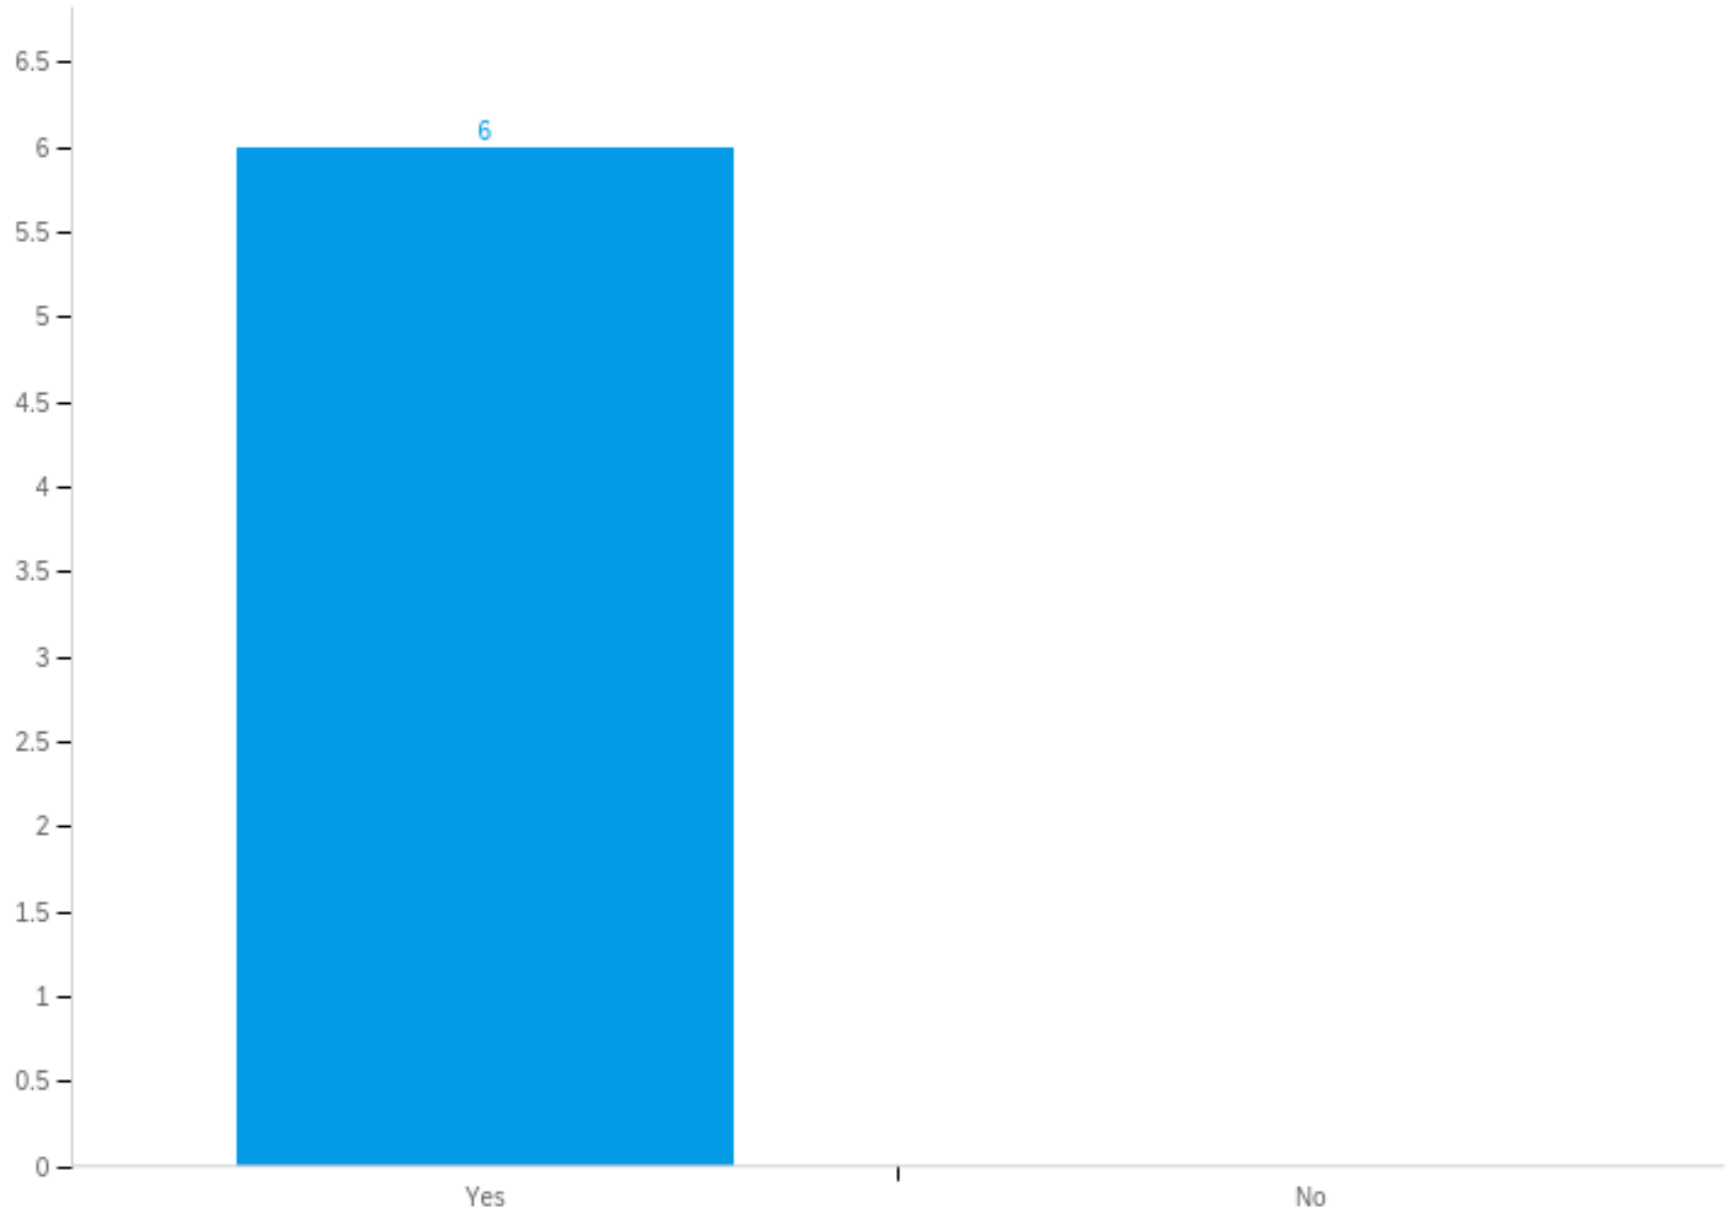

How did you find the registration process?

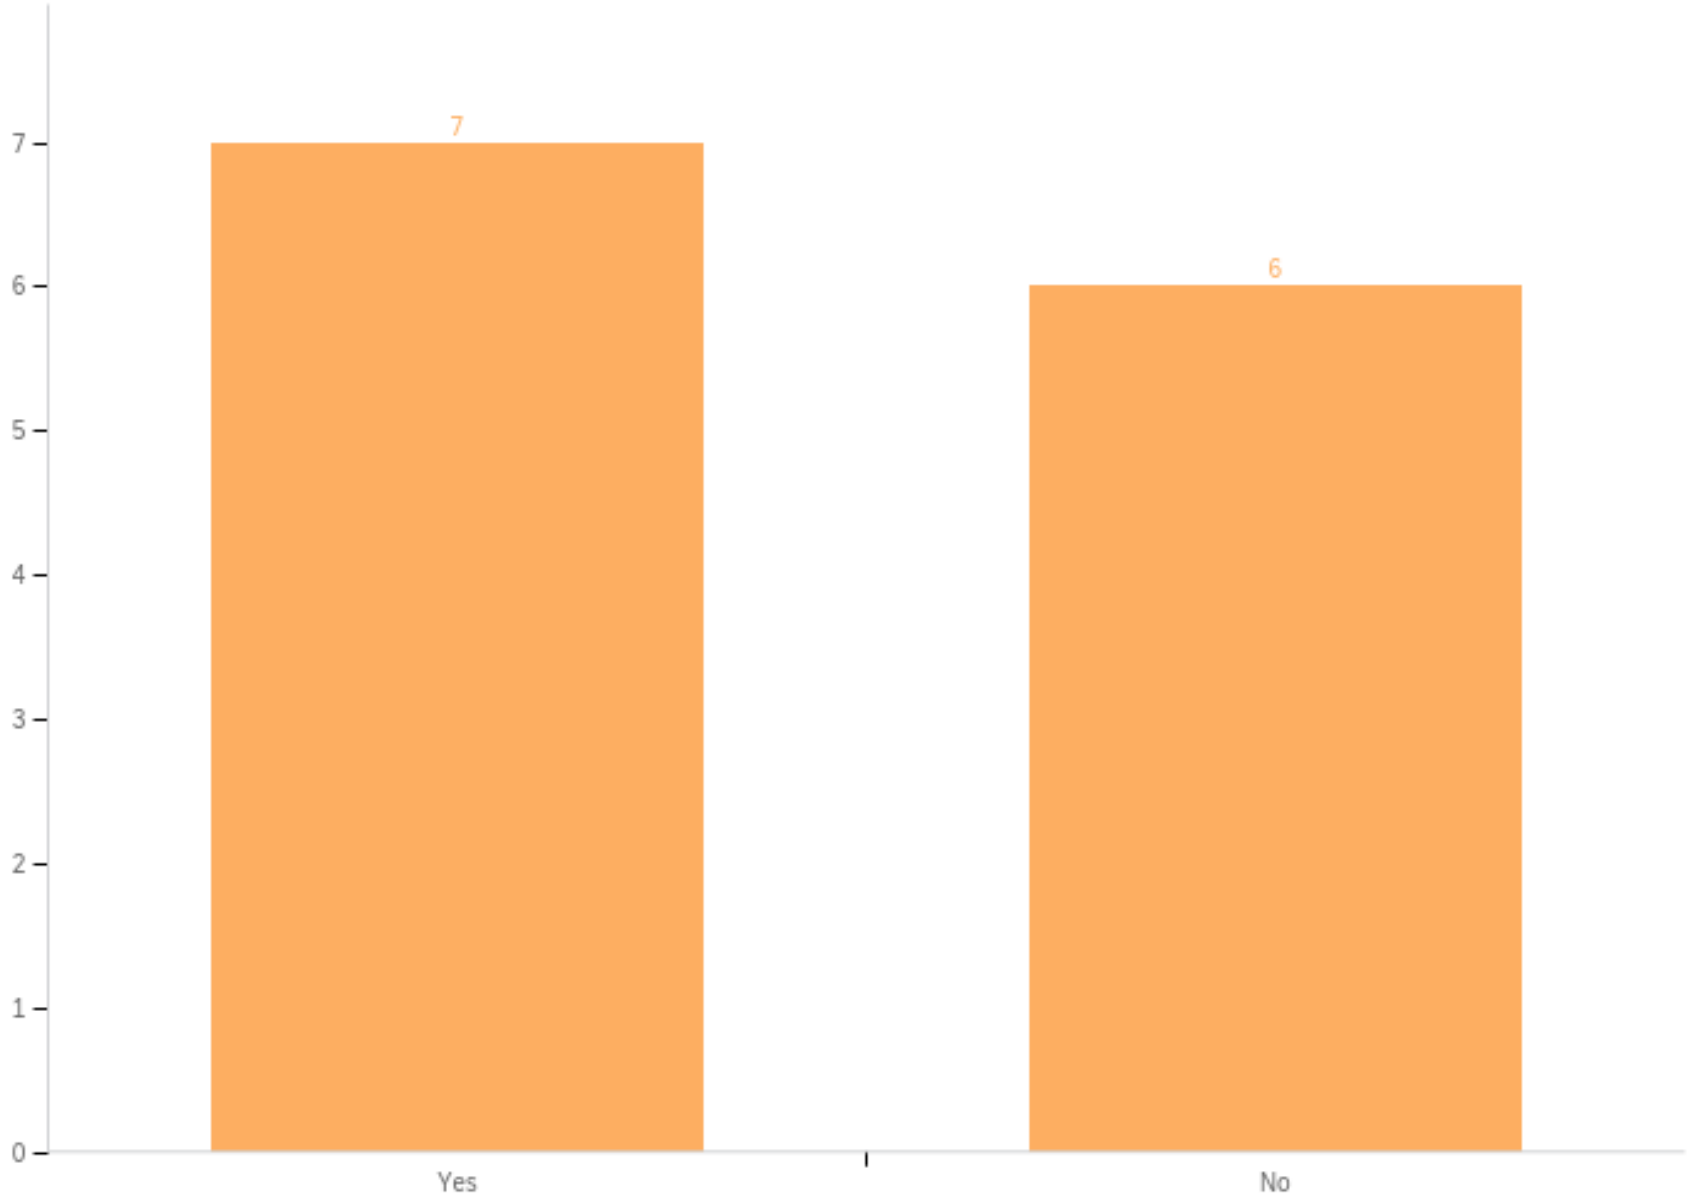

Are you aware of the benefits you receive as a member of the OLLI program (such as Zoom access, Lecture Series presentations and campus-wide events)?

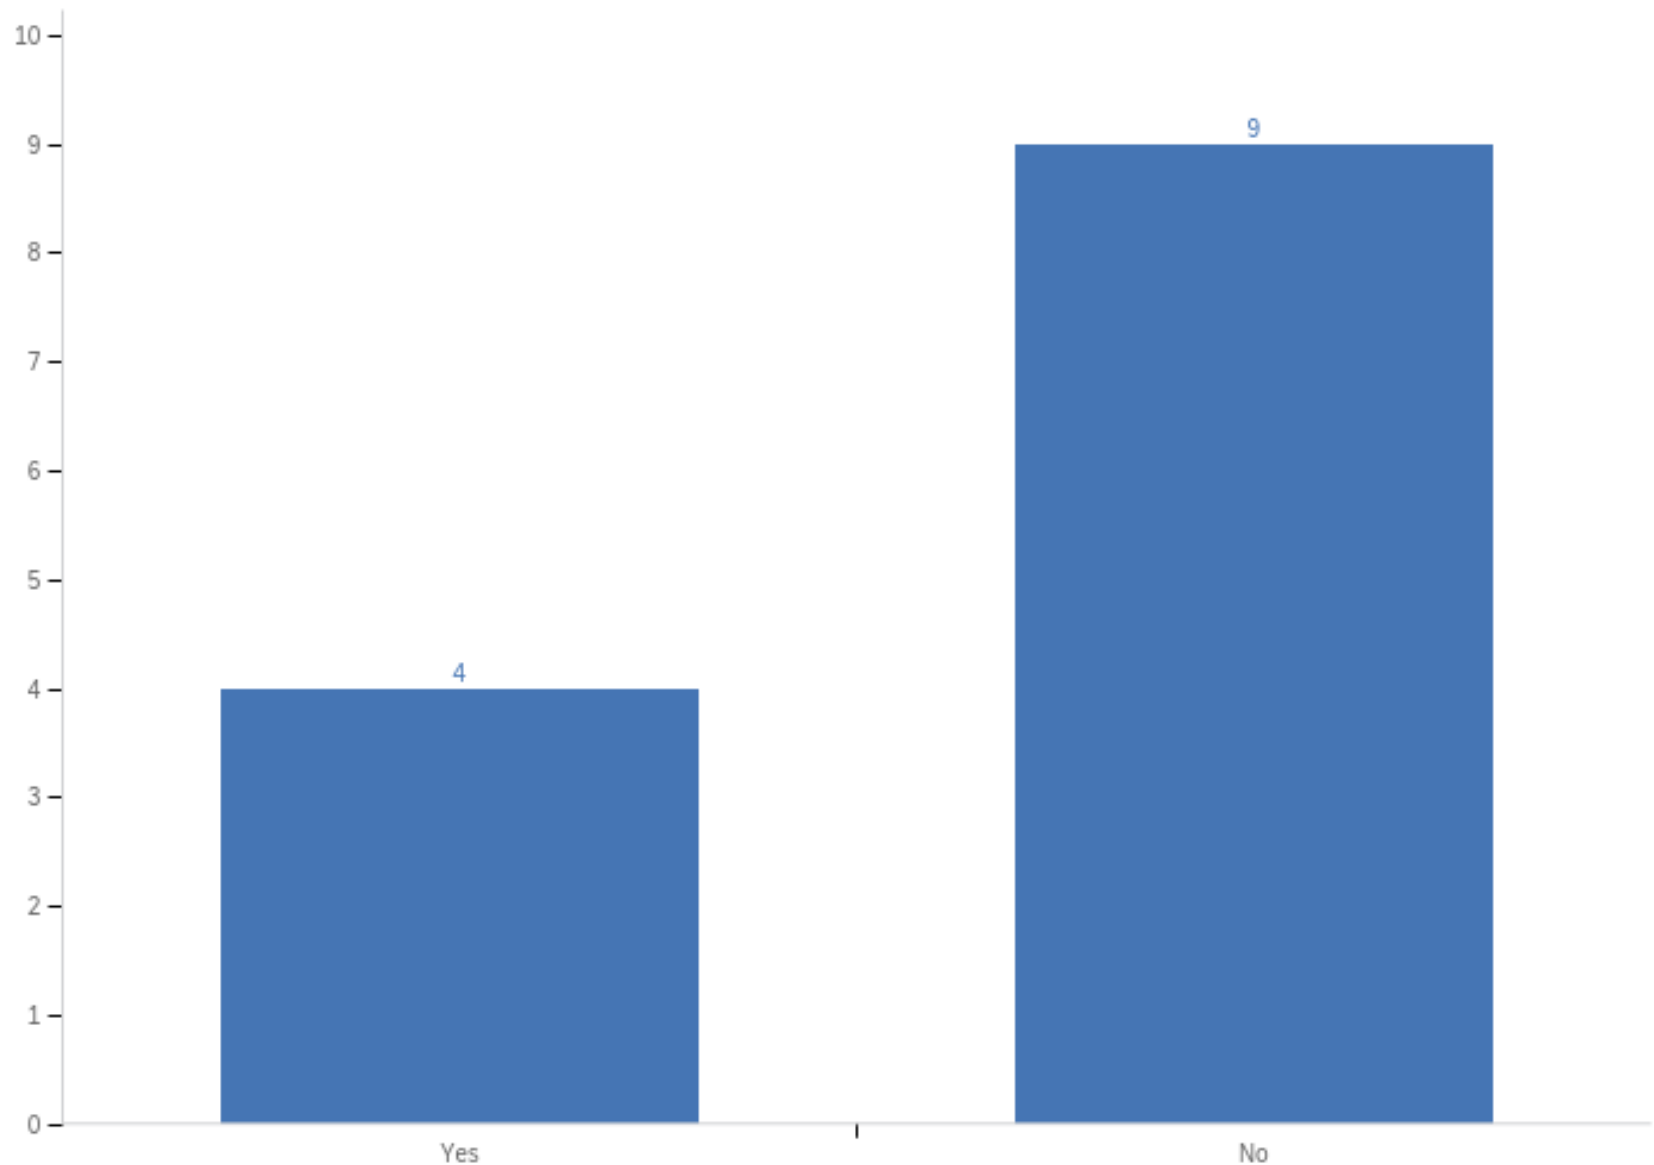

Would you like to learn more about these benefits?

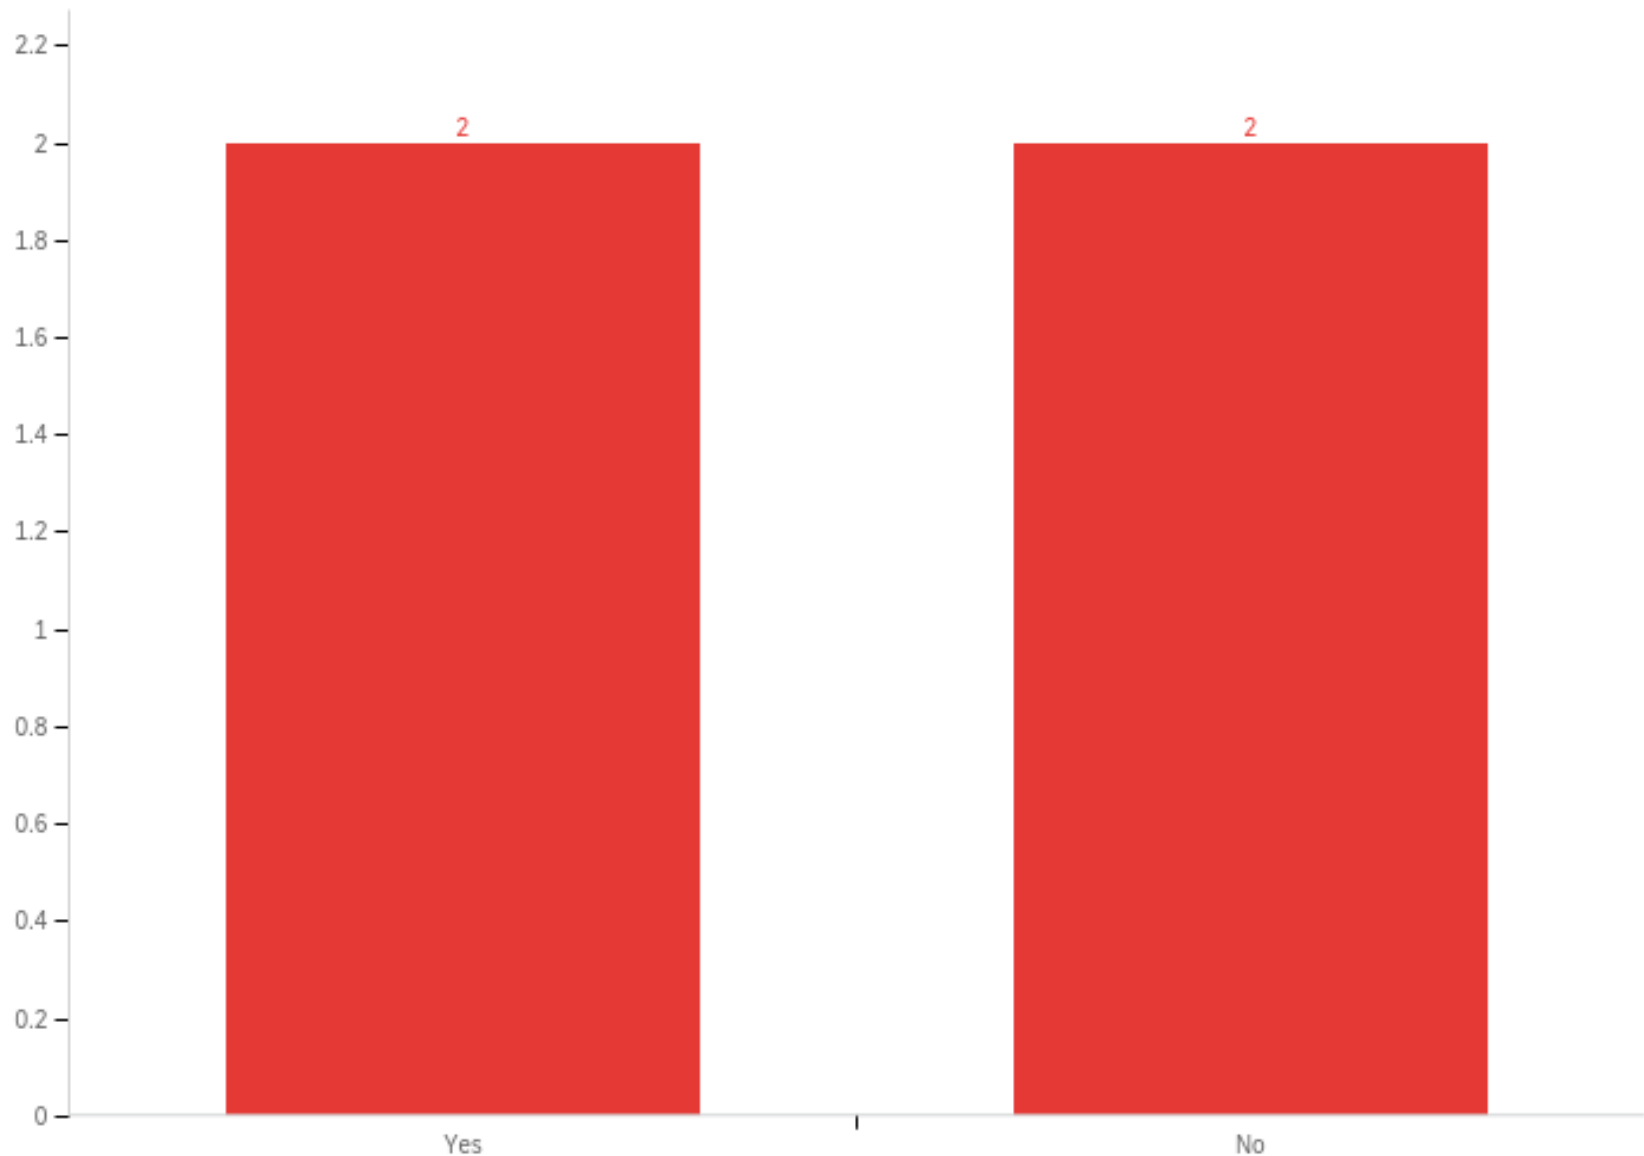

Would you like to participate in the OLLI Buddy Program?

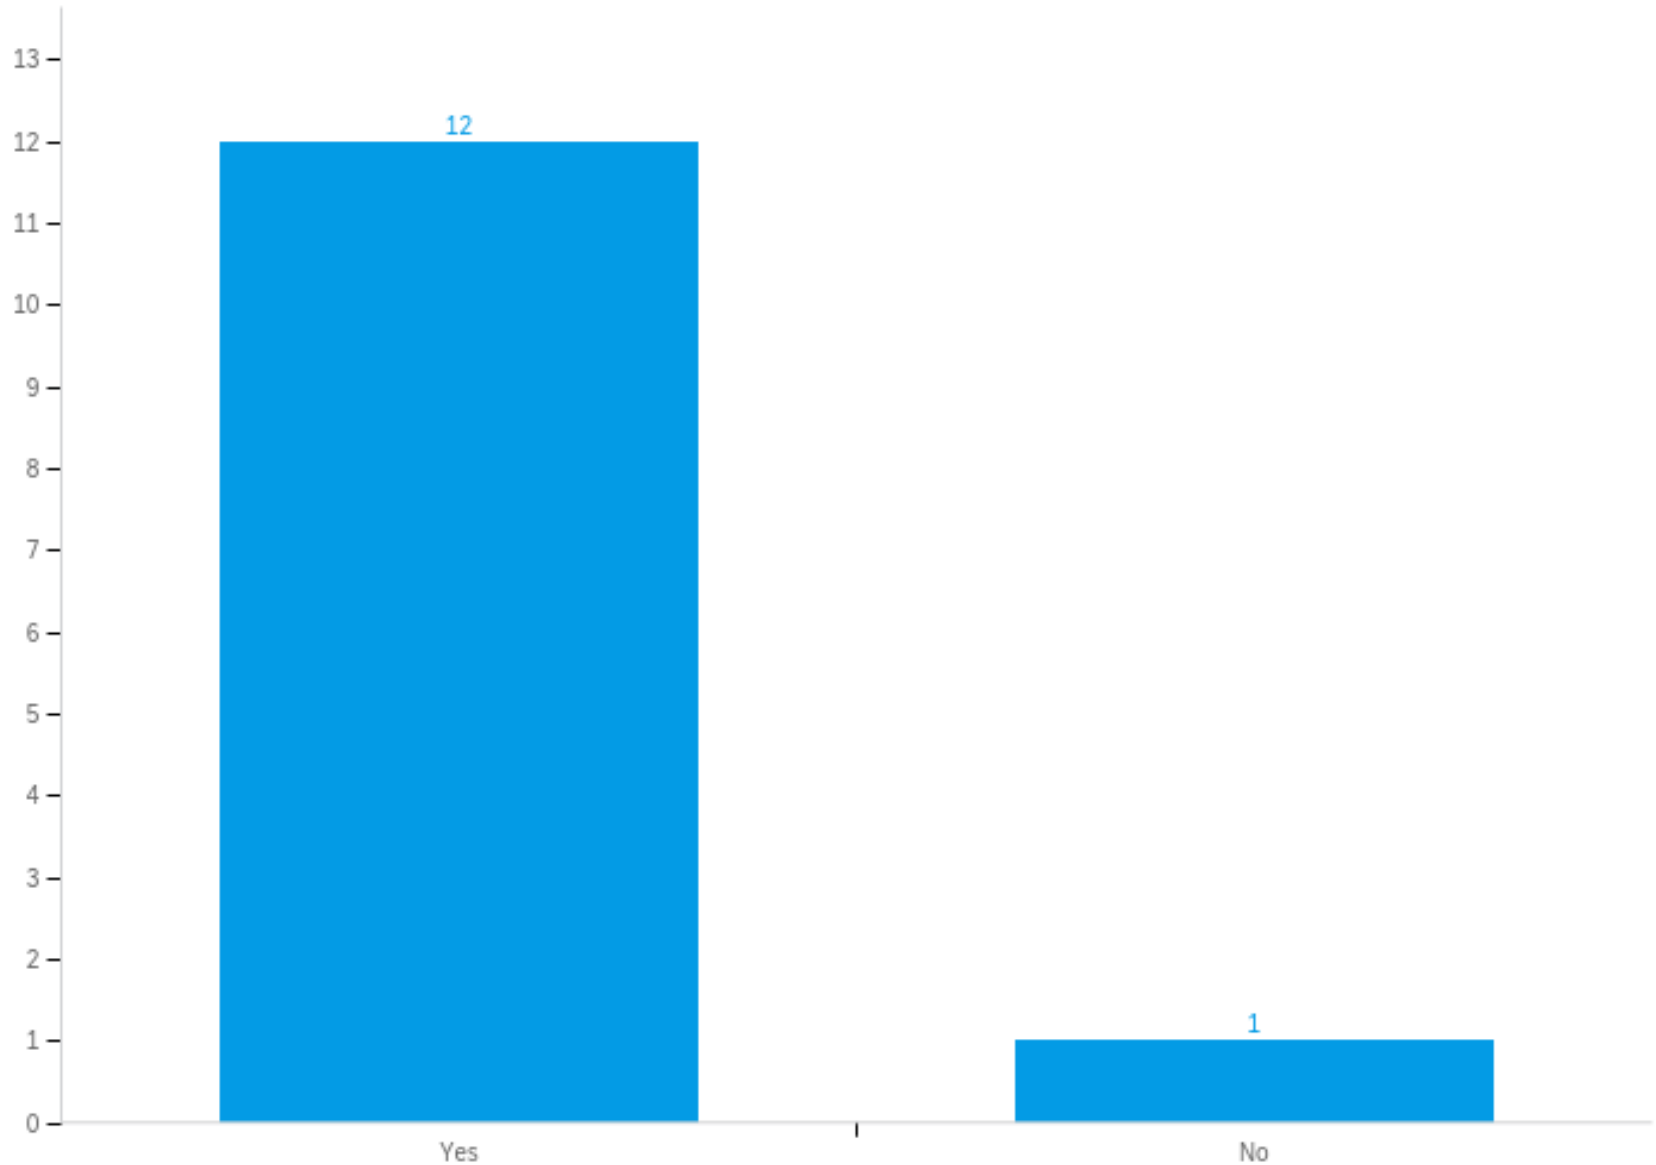

Did you attend the OLLI Virtual Mix & Mingle on January 12,
prior to New Member Orientation?

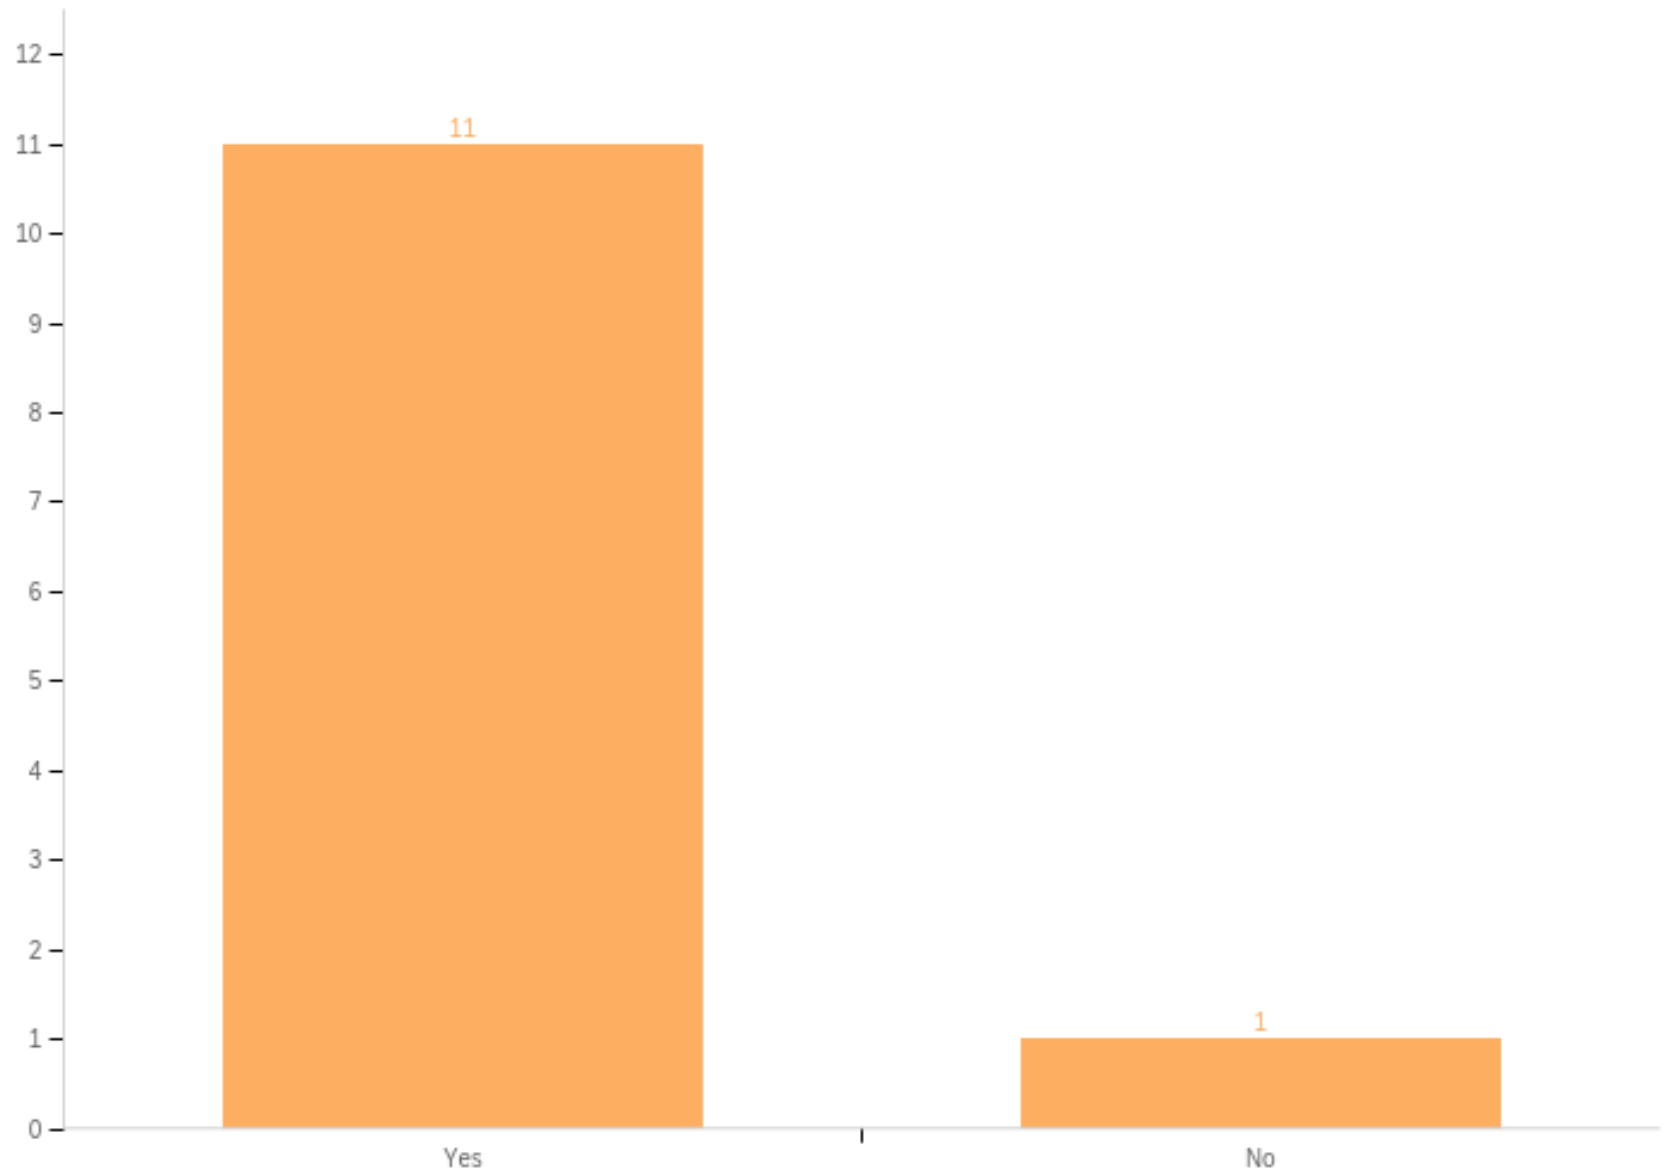

If you attended the Mix & Mingle, did you enjoy it and find it useful as a new member?

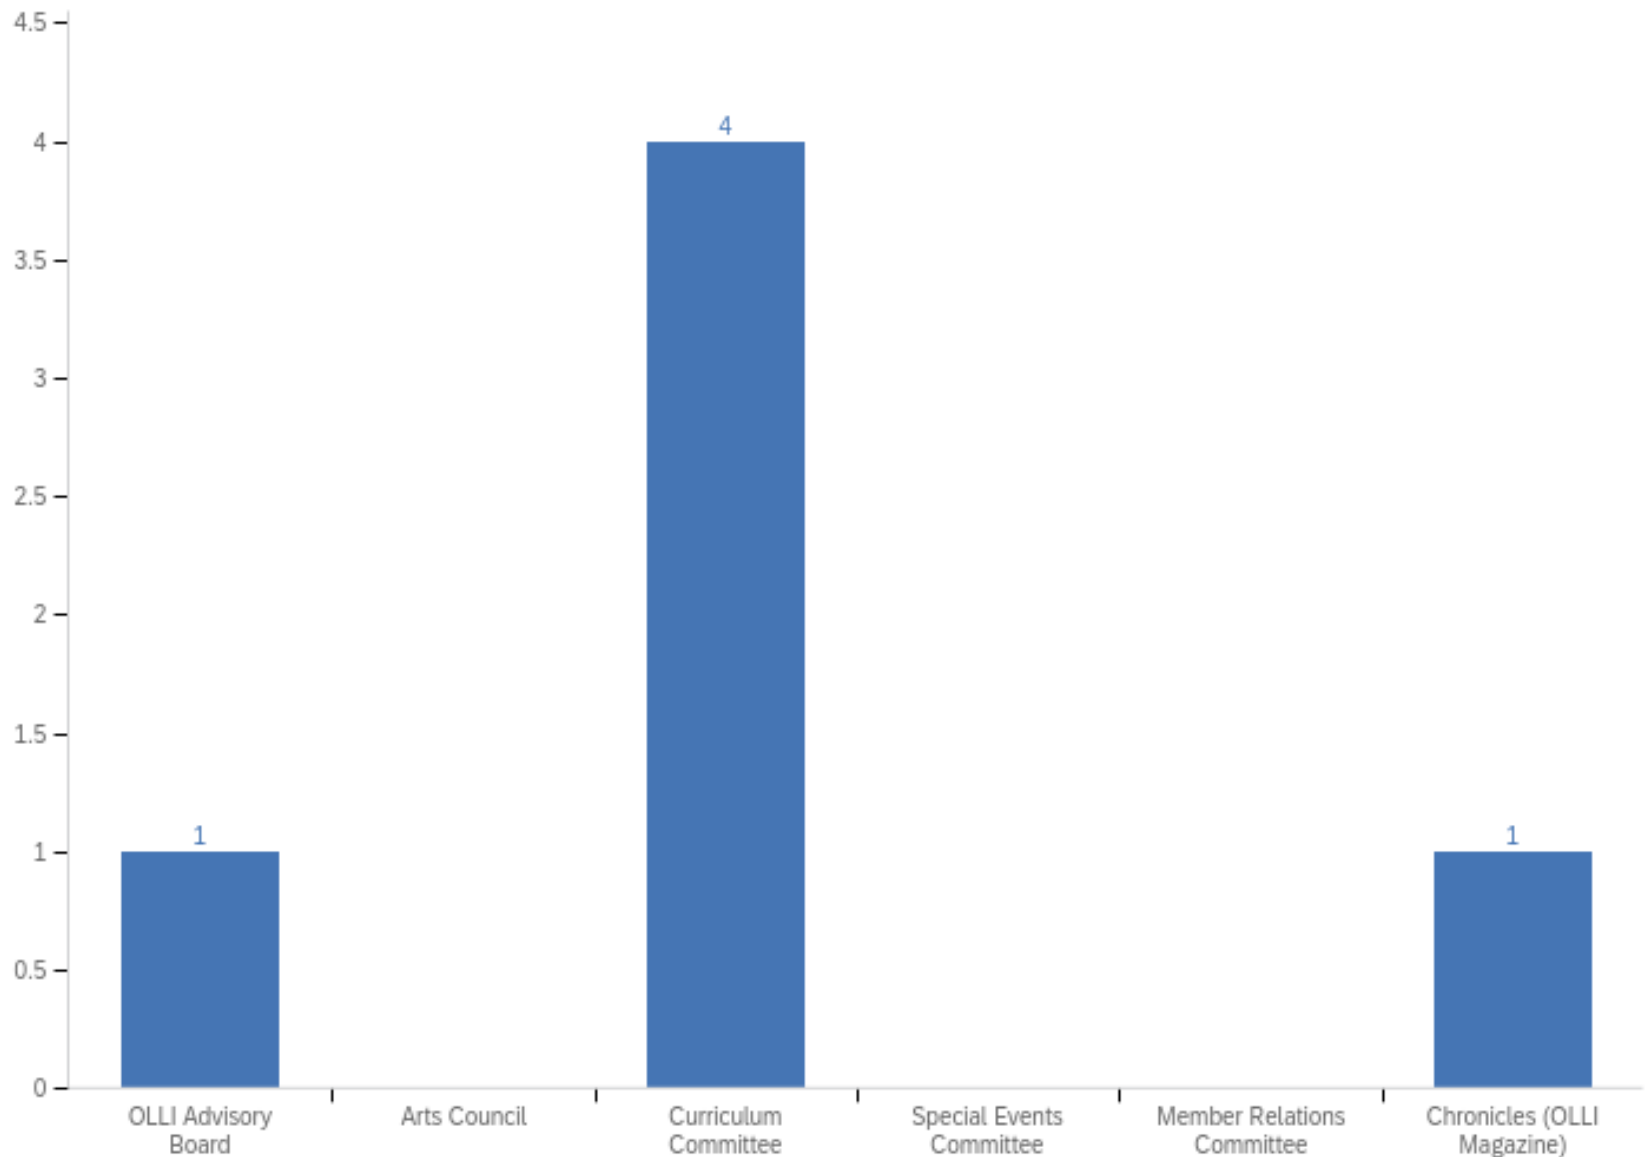

Did you attend New Member Orientation on January 14?

If you attended New Member Orientation, did you enjoy it and find it useful as a new member?

Please select which, if any, of the OLLI at SBU committees or councils you are interested in joining.

Please provide any feedback or questions you may have about the OLLI program or New Member Orientation.

This is my first time with OLLI. I heard a lot about it from friends who take courses. I will wait till I have taken a semester before I decide if I want to get more involved. I am enjoying all the classes so far, but concerned that the current events class is so large. (I think about 140?) Maybe should be capped or divided?

I have not had enough participation at this time to give any meaningful feedback.

too early to say

Would love a course in investing

I may be interested in a committee in the future but I'm over committed at this point. I'm very impressed with everything! The New Member Orientation was extremely helpful and I'm looking forward to the classes. Thank you, Very well done!

It helped to clarify the complexity of OLLI- I do not intend to be negative but it provided the activities available in addition to the classes.
