

The ATPF **IGNITE EVERY CHILD** MOVEMENT believes that every child is entitled to the best possible start in their development. **IGNITE EVERY CHILD** is about creating access to all children, regardless of income, language or family status. Early intervention services for children are vital to their health and development and reduce costs by minimizing the need for special education and related services in later years. Today, fewer than 1 in 3 children in California receive the pediatrician-recommended screenings they need to identify possible developmental delays.

By signing on as an ATPF Ambassador for the ATPF **IGNITE EVERY CHILD** MOVEMENT, YOU are creating brighter futures for all preschool children throughout San Diego County. The ATPF **IGNITE EVERY CHILD** MOVEMENT believes that “*Every Child Deserves a Brighter Future*” through our Early Intervention Preschool Screening Program. ATPF is looking for passionate community partners to help us **IGNITE EVERY CHILD** by expanding our program to provide free Early Intervention Screenings to all 10,300 Head Start Preschoolers annually throughout San Diego County with the goal of kindergarten readiness.

Founded in 2003, ATPF is a 501(c)(3) organization dedicated to improving communities in San Diego County by assisting with education, advocacy, screening and mentoring for families impacted by autism. An average total of 2,000 youth are screened annually with over 20,000 preschoolers screened since 2006. ATPF’s Youth Education and Developmental Services coordinates a variety of intensive programs designed to engage youth with autism in a variety of services, aimed at improving their confidence, behaviors and creating social support.
