

Ansgar Mitchell- Fire Prevention Assistant Fire Management Officer

I have been in the Wildland Fire service for the last 21 years and started my career working for Kern County Fire Department in California on a Fuels Crew. While working for KCFD I also worked on Rio Bravo Hotshots based out of the Kern River Valley in Lake Isabella. I left KCFD as a seasonal employee in 2011 and began my career with the U.S. Forest Service working on the Sequoia National Forest where I became a permanent employee as a Wildfire Apprentice in 2014. I transferred to the Prescott National Forest in 2017 working out of Crown King, in 2018 I did a temporary detail promotion as an assistant captain on the Tonto National Forest on the Payson Ranger District and later accepted a full-time promotion in Camp Verde on the Verde Ranger District. In 2020 I came back to the Bradshaw R.D. as the District Fire Prevention Lead and have recently promoted to the Fire Prevention Assistant

Fire Management Officer in 2022. In addition to my experience, I worked as a Public Information officer on multiple Incidents.
