

*God is the friend
of silence.
See how nature -
trees, flowers,
grass- grows
in silence;
see the stars, the
moon and the
sun, how they
move in silence...
We need silence
to be able to
touch souls.
~Mother Teresa*

Our newest retreat in our 4th year designed for those who are experienced in silence and are able to be self-directed during our time together. The silence will seem stark as fall wanes and winter beckons. Centering Prayer is a featured spiritual discipline. Home-cooked meals by our own contemplative chef are a delight. If words are necessary, they will be few and far between. Spiritual Direction will be available for those who find a need but sessions will not be "scheduled."

Our foundational retreat in its 8th year designed for persons beginning the journey into silence *and* those experienced with silence. We gather for gently spoken and silent prayer throughout the retreat, creative and formative reading options are available, and meal prayer cards draw us into God's presence. Spiritual direction is scheduled to help persons with processing the experience of silence. Our contemplative chef provides nourishment for body and soul.
