- Drop it sticks
- Their calming strategies

This week in the Beehive

During the month of November, our math calendar has us learn about fractions. We have learned about fourths, halves, and wholes.

We just finished our final writing piece for our magnificent thing and when we come back from break we will start our next unit, Sun, Moon, and Stars!

This week we had the opportunity to learn from the 3rd-grade class about bees!

Reminders

Every Tuesday we will have outdoor education with Becky. The temperature is dropping and it is time to send in extra layers and clothes for your child to wear. Your child will need boots, snow pants, mittens/gloves, socks, a jacket, and a hat. If you need help with gathering these things please reach out to me.
