

Ms. Denney - Owl's Nest

WEEKLY NEWSLETTER

Families,
This week in second grade we discussed addition and subtraction strategies within 20 in math. We used number racks, bead strings, number lines, and an addition table as math tools! In phonics we focused on long vowels, including y as a vowel. In reading we shared our opinions on different books and authors. Students chose an important place in our community to begin their opinion writing pieces. We also shared fire safety tips!

Week of:

10/12 - 10/16

Learning Focus

Reading: VCe patterns; Studying authors and illustrators

Math: Two and three digit numbers

Social Studies/Writing:
Finishing and sharing community writing

EVENTS

10/11

10/27
