No school - Nov 10th & 11th

Ask Me About

- My magnificent thing
- Pumpkin Carving
- Domino games

This week in the Beehive

Our classroom was busy with one group sewing, building, and finishing our Magnificent things for our room.

During math, we are learning how to use dominos to make addition equations. We have started practicing spelling words with the short vowel e.

Our Halloween celebration was full of fun. We listened to a story around the fire, ate donuts, painted, and had a mummy race.

Reminders

Every Tuesday we will have outdoor education with Becky. Please send in extra clothes for your student to wear and prepare for the weather. Please send your student to school with a water bottle.

Check your student's homeschool folder every night this is one way that I communicate with you.
