

Ms. Denney - Owl's Nest

WEEKLY NEWSLETTER

Second grade has been busy after a fun filled Halloween celebration to start our week! We have been working on representing hundreds, tens, and ones using beans, unifix cubes, and base ten pieces. In phonics we learned about closed syllable exceptions and began to identify vowel teams. After reading various narrative nonfiction texts, we discussed how each author provided us with information through a story format. Our community place STEAM projects are underway! Students have been creative in finding ways to build a model of the place they believe is most important to Strafford.

Week of:

11/7 - 11/11

Learning Focus

Phonics: Suffixes; Vowel teams

Reading: Sharing book recommendations

Math: Measuring and comparing lengths

Social Studies/Science:
Community place STEAM project

EVENTS

11/7 - 11/9

Student-Led Conferences

11/10 - 11/11

No School/Veterans Day
