For each day keep a total amount asked as well as each Saturday the total asked for the week and write it down in each box.. Determine an amount; a penny, a nickel, a dime, a quarter or a dollar; for each day and multiply it by the total for that day or week. At the end of the month total everything up and make a check out for that total amount, payable to St. Paul's with the notation for Immigration Month and bring it in on Sunday the 20th of June or mail it into the office. The total collected will be sent to SJRAISE to be used to assist those immigrants in need. Sundays are designated for prayer for each need listed.
