

Aviation Fundamentals

Metropolitan State University
South Campus

Interested in working with airplanes or being a pilot?
This class is for you!

Course Description

Aviation Fundamentals, in partnership with Metropolitan State University Aviation and Aerospace, includes a study of the airplane and its components, aerodynamics, basic aircraft systems, the airport environment, air traffic control procedures, Federal Aviation Regulations, the basic elements of air navigation including radio navigation, and a review of aviation weather. This college level course is taught by a MSU professor and prepares the student for taking the Federal Aviation Administration Private Pilot Knowledge examination. Students will be enrolled in the 6 credit hour MSU course Aviation Fundamentals (AES 1100). To be considered for this program, you must attend a parent meeting and orientation in February. Transportation is the responsibility of the student. **Additional application materials and qualifying scores are required.**

Class Schedule: Monday, Wednesday and Friday
2:00 – 3:30pm

Course Location: Metropolitan State University South Campus
5660 Greenwood Plaza, Blvd. Suite 100
Greenwood Village, CO 80111

Registration Process

To register for this course, complete the CTE Application. As part of the application process, a mandatory student/parent Open House at MSU South Campus is required on one of the following dates:

Open House(s): February 13 at 6:00pm
February 26 at 6:00pm

For questions and to RSVP for the Open House, contact Sunshine Morgan at (720) 554-2620 or smorgan@cherrycreekschools.org.
