

January 15, 2019

Dear Marianist LIFE 2019 Student Participant;

On behalf of the Coordinating Team for this year's Marianist LIFE summer program, I would like to congratulate you on being selected to your respective Marianist LIFE Team. I also welcome and thank you for your cooperation, support and commitment to this experience of building communities of faith. We are aware of the time that you will spend preparing and working with your fellow participants for this event, and we are doing our best to make Marianist LIFE 2019 a memorable and enriching experience.

Marianist LIFE will take place **June 16-21, 2019** at **CYO Camp & Retreat Center**. Since our schedule is rather full, both Marianist LIFE and Bergamo have some definite rules, and there will be some restrictions and limitations on our activities. I would like to share a few of these rules for student participants:

1. Everyone must follow the Marianist LIFE 2019 schedule and participate in all activities.
2. All student participants will be held accountable to the Agreement stating Marianist LIFE rules and expectations, which will be signed and sent in with your registration.
3. No visitors will be allowed during the time of the Marianist LIFE 2019 summer program.

If you have special health or dietary needs during the time you will be with the Marianist LIFE Summer Program, **PLEASE NOTIFY YOUR MODERATOR TO CONTACT ME AS SOON AS POSSIBLE** so I can facilitate your needs with Bergamo Center. If we do not notify the proper contact persons well in advance of any special needs, they may not be able to accommodate the requests.

If you have any questions, please contact your moderators who will try to answer them, or they will contact someone from the Coordinating Team on your behalf. Once again, we welcome you as a participant in Marianist LIFE 2019 and ask you to keep the success of this year's program in your prayers. By praying for one another we can truly receive graces that can enrich us before, during and after our Marianist Living In Faith Experience this summer.

Peace,

Joey Klobas
Regional Coordinator, Marianist LIFE Pacific
