

2019 Honoree

Howard Douglas

Howard Douglas is the Managing Partner of Equinox Financial Partners, LLC. As a financial professional since 1989, he has focused his practice on meeting the estate and retirement planning needs of affluent individuals, professionals and business owners. Active in the industry, Howard is the past president of the Board of Directors for the Estate Planning Council of Nassau County. He is also

past president of the Long Island Chapter of the International Association of Financial Planners (IAFP). Equally as committed to his community, Howard sits on the Board of the Nassau Police Reserves and has served as an NIS golf committee member since our first outing twenty-three years ago! Howard has been married to his wife, Fran, for 51 years and is the proud father of two daughters. It is with great pleasure to honor Howard at this year's golf outing for dedicating over two decades of service to the New Interdisciplinary School, allowing us to expand countless programs and services to our students and their families.

OUR STORY

The New Interdisciplinary School was founded in December 1976 by parents, community members and staff who believed in the rights of:

- Children to grow and learn in a supportive, responsive environment.
- Parents to have a voice in their children's education.
- Staff to flourish in an atmosphere of academic and intellectual freedom.

In July 1977 NIS received New York State Education approval as a program for the education of preschool children with disabilities from birth to 5 years of age. On August 1, 1977, NIS officially opened its doors at 1 Scouting Boulevard, Medford.

The name "New Interdisciplinary School" was chosen to describe the integration of a team of professionals from a variety of disciplines. This team approach along with a partnership with parents forms the basis for providing a comprehensive program.

On October 19, 1995, we opened a state-of-the-art building in Yaphank. The programs have expanded to include child care, nursery school, universal pre-kindergarten (UPK), and inclusion classes for children with and without disabilities.
