

Welcome to Bloomz! We are sure you will love this new interactive way of communicating with your children's teachers, therapists, and administration. If you have not already done so, please look for an invite to join the Bloomz community in your email inbox and accept it!

Once you've accepted the invitation and created a profile, please follow these five simple steps to ensure you receive important updates from NIS.

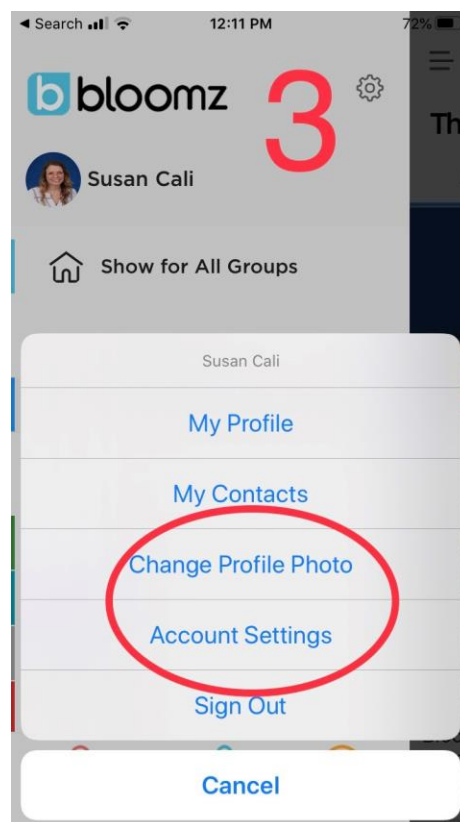

1. Click the three lines on the upper left hand corner to access the menu.

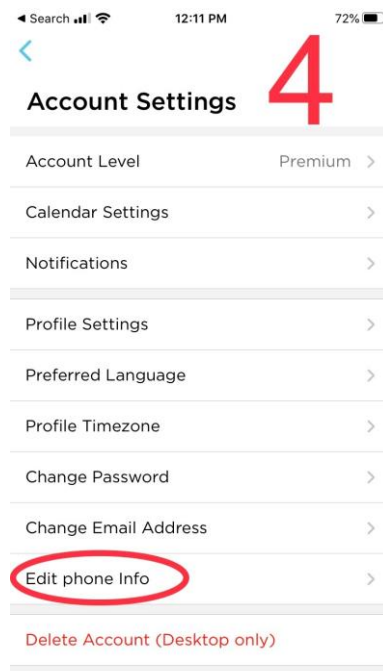

2. Click your name on the top.

3. Add a profile picture if you wish and then navigate to account settings.

4. Add your phone number so you can receive robo calls in the event of school closures or emergencies.

5. Select your notification preferences. Please be sure to select the robocall option in addition to any other option you select for regular notifications. Robocalls will only be used in the event of a closure or an emergency.
