South West
Regional Cancer Program
Ontario Health (Cancer Care Ontario)

Oncology
Patient Navigation
Program (OPNP)

Suspected cancer? Refer to OPNP.

A fully virtual regional program that coordinates diagnostic navigation for people with a suspicion of cancer across the **South West Region.**

For physicians, nurse practitioners, and primary care providers.

Meet criteria
Review the disease-site referral criteria

Send one referral
Submit the common OPNP referral form with supporting documentation.

OPNP coordinates next steps
Triage, specialist connection, staging, and follow-up.

No additional testing or separate specialist consults are needed before referral.

6 disease-site teams supported by OPNP

- Thoracic (Lung, Esophagus, Gastric)
- Colorectal (Anal, Colon, Rectal)
- Hepatobiliary (Liver, Pancreas, Biliary)
- Head & Neck
- Peritoneal
- Sarcoma

Access the referral form and disease-site criteria on the OPNP website.
