

# CERVICAL SCREENING FOR NURSES & PHYSICIANS IN PRIMARY CARE

December 1st, 2023 10AM-2PM

IN-PERSON HANDS ON LEARNING

PRESENTED BY:

Dr. Robert DiCecco-Regional Cervical Screening and Colposcopy Lead, South West Regional Cancer Program

Dr. Nathan Roth-Regional Cervical Screening and Colposcopy Lead, Central East Regional Cancer Program

## LEARNING OBJECTIVES

1. Explain complex cervical screening pathways and identify the appropriate patient referral process.
2. Perform a speculum exam and Pap smear test, while identifying normal and abnormal female pelvic anatomy.
3. Describe HPV vaccines as a prevention method for HPV, and liquid based cytology and HPV testing as a mode of cervical screening.
