SEER*Educate

Winter 2024 Update

Milestone: Almost 2.7 million training sessions completed

Continuous learning is a key factor in our success as registrars. The SEER*Educate team recognizes that time is a precious resouce resulting in challenges to finding the time needed for us to learn new information, update coding skills, and assess the coding accuracy and consistency of our registry team.

Our approach to training module development focuses on single learning objectives that break down complex areas of study into smaller **bite-size chunks** of information to improve knowledge retention. We believe four other factors have been critical to the success of SEER*Educate: our training platform is available 24-7, training sessions typically last no more than 15 minutes, annual maintance is done on existing modules to ensure coding updates released by the standard setters are reflected in the content available, and new content is released annually to address the needs of registrar professionals and students.

BONUS: All SEER*Educate **training is free**. The platform includes continuing education (CE) associated with coding practice. Keep in mind as the end of the year approaches should we discover we are a few hours short of completing the 20 hours of continuing education credits required every two years to maintain our credential, SEER*Educate is an option that can help us pick up those needed credits, especially Category A CEs!

New Releases

There are three training modules for those preparing to sit for the Oncology Data Specialist (ODS) exam in 2025:

- **CoC Standards** (150 questions)
- **Synoptic Reporting Standards** (30 questions)
- **Quality Initiatives Standard** (20 questions)

In addition, for new and experienced registrar professionals looking for Category A coding practice CEs, the following new module is available:

- **Dx 2024 Histology for CEs** (100 cases)

SEER Fall Workshop Encore Sessions

If you weren't able to attend the latest SEER workshop, the recorded sessions of the ***2024 SEER Advanced Topics for Registry Professionals Workshop*** held in September are available on NCRA's Cancer Registry Education website. Click on the link below (or copy into your browser) to find the recorded sessions on the SEER training page. Scroll down the page to the **SEER Workshop Encore Sessions** and the workshop is the first product listed. You will need to add this to your cart and check out (no payment required) to view the recorded sessions.

1. Go to www.cancerregistryeducation.org/SEER (Make sure you are using Chrome or Firefox).
2. Login using your NCRA login. (If you don't have an NCRA login, see the next page for instructions that follow after the request to **SIGN IN**.)
3. Find "2024 Workshop: SEER Advanced Topics for Registry Professionals" activity and click "Add to Cart" button.

The activity will automatically load into the "My Learning Activities" page on the website. You can access the activity at any time by going to the "My Learning Activities" page.

Viewing the sessions is free. However, if you want to obtain CE credits for viewing the presentations, a fee is required by NCRA. The cost for purchasing CE credit is $25 per one (1) CE hour.

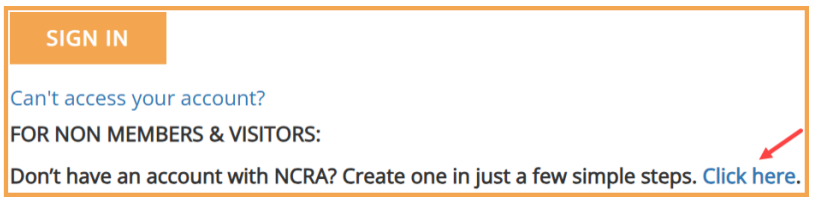

There is no charge for completing the following SEER*Educate practice coding exercises that covered topics discussed during the meeting and earning CEs:

NCRA Program #	Program Title	CE Hours Awarded	Category A CEs
2024-118	SEER*Educate - 2024 SEER Workshop Neoadjuvant Breast Cases	1.5	1.5
2024-119	SEER*Educate - 2024 SEER Workshop Neoadjuvant Esophagus Cases	1.5	1.5
2024-120	SEER*Educate - 2024 SEER Workshop Neoadjuvant Rectum Cases	1.5	1.5
2024-121	SEER*Educate - 2024 SEER Workshop Site and Histology Cases	3.0	3.0

Learn by Doing

Mary Potts, RHIA, CPA, ODS
SEER*Educate, Director of Training and Development

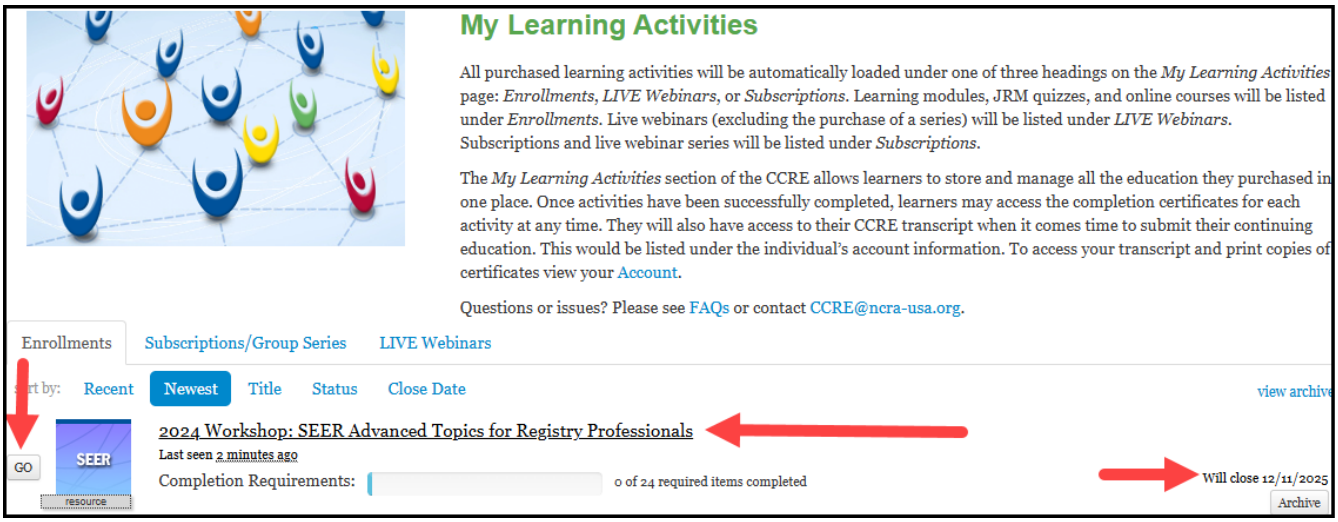

To get an NCRA account: To sign in to view the SEER Workshop sessions, you will need an NCRA account. If you don't have an account, create one by selecting the blue "Click here" notification under the SIGN IN.

The recorded sessions will load into My Learning Activities (menu tab on website).

View any session immediately or go back to view at any time. Hit "GO" button to see the list of sessions.

If you have problems logging into the system, please contact NCRA's membership department at info@ncra-usa.org or 703-299-6640 ext. 310.

SEER*Educate is funded by Surveillance, Epidemiology and End Results (SEER) of the National Cancer Institute (NCI) and the Fred Hutchinson Cancer Center. (NCI Contract Number HHSN261201800004I)
