

Children's Hospital of The King's Daughters

340B Outpatient Hemophilia Program

Children's Hospital of The King's Daughters now offers a convenient pharmacy program to provide factor and supplies to your home.

Our program offers the same great service that other factor providers advertise, but because the proceeds from the program are poured directly back into the program, you are ensuring we will always be here to provide outstanding comprehensive healthcare to you and your family.

Our program provides the following:

- CHKD Hematologist on call 24 hours a day, 7 days a week
- All brands of factor in a variety of vial sizes
- An extensive list of ancillary supplies at no cost to you or your insurance company
- A knowledgeable Patient Care Coordinator dedicated to you and your family
- Shipments to your choice of location
- Coordination of in-home nursing service
- Mailable Sharps container at no cost to you
- Insurance benefit counseling and assistance in signing up for co-pay assistance programs
