May 20, 2026

Traffic shift along SH-44 between Short Rd and Moyle Ave begins Tues. May 26

At a Glance:

Where: SH-44 between Short Rd & Moyle Ave.
When: May 26 to 29 | 9:00 p.m. - 5:00 a.m. each night.
What: Shifting traffic pattern, placing guardrail, and restriping the roadway.

Traffic Changes:

Starting Tuesday, May 26, ITD will be shifting traffic and barrier for a new traffic pattern along State Highway 44 between Short Rd and Moyle Ave.

Here's what to expect:

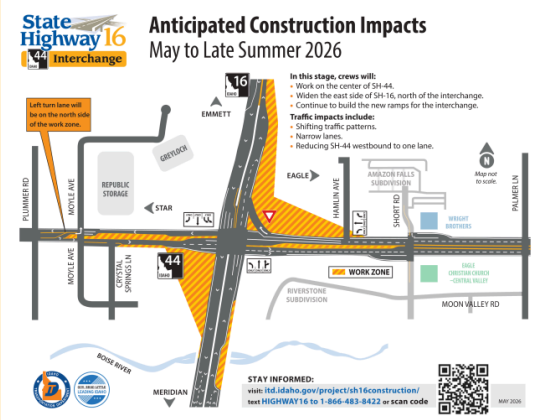

- Work will occur between **9 p.m. and 5 a.m. each night.**
- One lane will remain open in each direction.
- Flaggers will direct traffic.
- By Saturday morning, May 30, the final configuration will be in place. (see below)

Watch Video

It will take all week to shift traffic, as crews relocate signals, barrier and restripe. Please be patient as ITD and crews put the new traffic pattern in place.

Once the new traffic pattern is in place, crews will rebuild the center of SH-44 between Short Rd and Moyle Ave.

View Map

During this work:

- Crews will be working in the center of SH-44.
- Westbound SH-44 traffic will be reduced to one through lane near Short Rd.
- A free running right turn lane for westbound SH-44 will be added for traffic heading north on SH-16.
- The left turn at Moyle Ave for SH-44 eastbound will be shifted to the north side of the work zone.

Motorists will remain in this configuration through summer 2026.

Please stay out of work zones at all times.

Make sure to **avoid distractions and pay attention** when traveling through the

intersection.
