Common Questions

How much money can we earn with Shoparoo?

There is no limit to how much a school can earn with Shoparoo - schools with just 40 active supporters are earning around \$1,000 every year! The key is to spread the word to get as many parents, grandparents and teachers on board as we can. Over 10,000 schools across the U.S. are earning hassle-free donations from Shoparoo every year, and we can join them!

How is Shoparoo different from other school fundraising programs?

With Shoparoo, there's nothing to buy, sell, collect, count or mail-in. No labor-intensive coordinating for parents or the PTA/PTO. No sending kids selling candy bars door to door. Earn donations for receipts from any store, for any product. It is truly easy, free fundraising!

Common Questions

How can Shoparoo afford to make these donations? Is it a scam?

Shoparoo was created by former teachers and retail industry executives who found a cool way of matching schools' need for financial support with major brands' need for market research. Big companies pay Shoparoo for these reports, and that's how they are able to pass these earnings on to schools.

Where does the information from the receipts go? Is Shoparoo safe?

Shoparoo is 100% safe. The information from all Shoparoo users' receipts is made completely anonymous and used in market research reports. Shoparoo does not request personal information such as credit card numbers or phone numbers. (Retailer receipts already mask this information.)

There are so many fundraisers out there.
