

Connect  
Collaborate  
Communicate

## Dear Community Guest

You're invited to join **INTEGRA Healthcare & Wellness Connect™**. **Sunrise Orthodontics** is hosting their third annual Healthcare and Wellness Connect event. Your school has been selected to join us, please extend this invitation to your school's nurse or health care provider within your facility. This seminar will bring powerful information on the role that Orthodontics have in diagnosis and treatment planning for pediatric sleep apnea. The information your nurse practitioner will take back to school will allow your school's team to screen for possible children suffering from sleep apnea related issues such as lack of focus, hyperactivity, emotional distress, sleepiness, facial and muscular imbalance.

**Sunrise Orthodontics** is the only facility within Northern Virginia specializing in Airway Focused Orthodontics. Correct breathing is where our health begins!

Please E-mail us at [info@sunrise-orthodontics.com](mailto:info@sunrise-orthodontics.com) to reserve your seat. **All community guests attending will get an hour in office treatment of ZOOM whitening with a complementary consultation.**

Please join us for this unique interdisciplinary event at **Greater Reston Chamber on April 14<sup>th</sup> 2018 at 10am. Brunch will be provided.**

Sincerely,

Dr. Calkins D.D.S  
Specialist in Orthodontics and  
Dentofacial Orthopedics.

Anna Worway  
Community Program Coordinator
