	CRYA Meeting 6/16/26 ***Attendance listed at end of notes** **Zoom Link:** **https://us02web.zoom.us/j/83776150452?pwd=SEVtekt3ejJGV3M3N09iOFBBNDBSdz09** **Meeting ID: 837 7615 0452** **This meeting went from 7:01-8:30**
Topic	**Discussion**
Treasurer's Report **Doug Vandecoevering**	• Checking: $20090.34 • Savings $14733.66

Vice President's Report
Jason Resch
	• New Path for CRYA Membership and Identity
	  ○ see Jason's notes regarding various possible types of membership and the different categories would/wouldn't allow; and the possible new application process
	  ○ Broaden membership types that still align with organization
	  ○ question what needs to happen to move forward- bylaws?
	  ○ CRYA-renaming CRYA to something like Recreational Boaters of Oregon or Cruise River Yachting association
	  ○ Thinking even bigger, we could expand to a west coast alliance by including neighboring waterways/states
	• Standing committee supports this, looking at traditions and what needs to be considered when suggesting these changes. Example of changes that have happened over time is around Opening Day; there also used to be a closing day but over time the community decided to scale back. Standing Committee also acknowledges that several communities are having a concern around participation in general; so refreshing CRYA makes us new and stand out
	• Recommendation to explain the whys of this change and why it should be changed:
	  ○ Recommend posting this idea on FB to highlight the possibility of changing the name to better reflect the people we support to plant the seed of change and reflect that this is a positive change.
	  ○ Recommend highlighting this info in the beacon vs monthly blast
	  ○ Recommend having membership have an on-line application and renewal process, otherwise it will become too much to manage.
	• Many people don't know what CRYA is, Jason willing to put together some talking points so we are all saying the same thing to individual clubs

Adopt a Dock Program- Ken Tennefoss	• CRYA is adopting Hadley's Landing Dock- once work is completed, we may want to look at installing cleats, toe rails etc. • Hearing from members that they pushing away debris at various docks, this is always helpful • Heard CRYC may be looking at adopting Schwitter's Dock

	• Still looking for more volunteers. Please discuss with clubs to build a list of what clubs would like to adopt a dock • There is some paperwork (hold harmless agreement) to complete.
Katie Schenk: Dock repair report	• Hadleys Landing: work should have started a few days ago, waiting for a call (this work was contracted with Casey Marine) • Next meeting with State Parks meeting is in July, waiting for more info on Gov Island research and desing • Survey results eco NW about 150 results, haven't come in yet. Will let us know when the do and figure out if and if so how to share this information
Opening Day Theme 2027 Karen Green	• No updates at this time
Exec. VP Report Doug Romjue	• Looking for Officers for next year- Vice Pres, Treasurer and President • Made some inquires regarding Astoria Public Dock, waiting to hear back • Suggestion of advocating for additional No Wake Zones: there are some areas on the river that could use some "no wake zone" (Foothills park (St. John's area). ○ Personal examples provided along with an example from a club that was at Foothills this past weekend. Many expressed they avoid this area during wake board season. ○ Sent an email to Allan Hanson- policy and environment manger- email sent to him to start the process. will take time. ○ Ken Williams suggest that if we can figure out what the damage is to repair the docks then might get more support for this from various entities. Also if we can show the financial impact to restaurants and business from having boaters avoid this area they might join the effort in making it a No Wake Zone. ○ Discussion about what the rule says; how to make this an educational opportunity for all and how to do this as an organization that is working become an "every boater" association (see name and membership discussion above) ○
Daughters of Neptune (DON) Alicia	• DON are attending what events they can • Still working on trying to get them in for Fleet Week Next Year. Would like to get them connected with a boat next year. • Also looking at a possible collab with Christmas Ships and DON for Starlight Parade
Mike- Safety	• No updates
Annual Dinner	• Save the Date: Annual Dinner will be held at PYC on Oct 20; doors open at 6 pm. More details to come but in the meantime mark your calendar! ○ Recognitions at dinner-club commodores, special efforts from a member, new officers, memorial, etc. Still working on the menu

	itself (buffet or plated), tickets between $45-50, will send an evite and be able to accept payment on-line
Old Business	• Clearance Marker on the lower section of the Steal not specific timeline was provided for this. Currently have about 22 feet at the steel bridge
New Business	• Reminder of general cruise etiquette a public dock is first come-first serve but we try to yield to each other if a club has a scheduled cruise on a public dock but yielding isn't required. If this becomes a club to club issue- we try to communicate with each other first, then bring it to a commodore to commodore level.
Next Meeting	**7/21/26 @ 7:00 pm** **Zoom Link:** **https://us02web.zoom.us/j/83776150452?pwd=SEVtekt3ejJGV3M3N09iOFBBNDBSdz09** **Meeting ID: 837 7615 0452**

Attendance: Club Initals that are in bold had representative at this meeting
