

	CRYA Meeting 4/21/26 *Attendance listed at end of notes Zoom Link: https://us02web.zoom.us/j/83776150452?pwd=SEVtekt3ejJGV3M3N09iOFBBNDBSdz09 Meeting ID: 837 7615 0452 This meeting went from 7:02 to 8:04PM
Topic	Discussion
Treasurer's Report Doug Vandecoevering	● Savings: \$20,094.07 ● Checking: \$13767.64 ○ Total: \$33861.71 (as of 4/30/26) ● \$800 deposit today ● Bill from NOD for embroidery ● Received \$400 form DON for Hadley's Landing grant ● Insurance bill still coming, approx.\$8000
Vice President's Report Jason Resch	● No report
Adopt a Dock Program- Ken Tenefoss	● Will meet with Doug and work on a communication to all Commodores to see which clubs are interested in participating in an adopt a dock program and then make plan based on who/how many clubs are interested. Clubs may have a specific dock they would like to support. There is a hold harmless agreement for CRYA. ● See February Notes for more details about this concept. This is modeled after adopt a park program and includes light labor from the clubs to help support the State Parks. ● Suggested to start with Hadley's Landing- good start since there is momentum on this
Katie: Dock repair report	● Hadleys Landing: ○ Grant Application was approved to fix access to shore ○ \$25K grant (CRYA and State Parks matching 50% of this grant) ○ Contracted with Casey Marine, project completion will likely be June-July ○ There are early conversations with State Parks for next steps for Hadley's Landy- for example remove wooden bull rail. They are

asking CRYA about what would work for boaters, please send CRYA ideas/suggestions

- The grant success for this should be written up in Nautical NW Publication
- Thank you all for your support with this!

- Positive meeting with State Parks. They are excited to work with us.
- Govern. Island is being looked at
- Schwitters Landing-is in the research and design process. They got \$100,000 grant to work on this dock. Working with project manager on this. This dock is still safe, so it is still ok to use this area.
- Barlet- No specific project but have gotten reports that This dock is showing signs of wear and tear. State Parks is going to look at this and do minor repairs.
- Several clubs are meeting at different docks after Opening Day Parade, and to remove debris from these docks if it is safe to do this.
 - Ken Tennefoss at Schwitter on Sunday- no debris seen
- Oregon Marine – Janine Bellique was notified that the Westport Docks had a squatting issue with a live aboard. There should be a Resident Camp Host here as well. They asked the marine board to have a fee-based dock because this helps give teeth to getting people to move on. This would be a reasonable fee, and we'd like to make sure it goes back to that park and not a general county fund. Also, collecting fees may affect the ability to apply for some grants; if they are collecting too many fees this often excludes eligibility for grants.
- Discussion about Astoria YC- Tom will help get CRYA connected to see how CRYA might be able to help.
- Discussion about docks further down river in Astoria. Identified Astoria has a city dock by the museum. It has gone into disrepair and is currently closed. The City may not be sure where to look for funding for this. CRYA may be able to help- getting partners involved. There is a process that would be worth looking at.
- Email from Doug on Eco Northwest Survey-Reimagine the River, this is Willamette River Focused. Survey trying to get to an economic value of

	boating. Link shared with members; this survey closes at the end of the month
Opening Day “Spring Into Boating”	• Flyers printed; these were distributed at Vancouver waterfront, east side and went to the local farmers market, libraries and some other places. The flyers were well received. • Interview scheduled with local news- CRYA sponsors and CRYC Commodore will be there, along with DON and Alicia. • Astoria- Opening Day is done a little different since it’s the Pacifici NW offshore 50th anniversary of the Pacific NW Offshore; they do the Terrible Tilly Shakedown Cruise (boyu2- lighthouse and back). See flyer for race day. • CRYC Paddle Fish No Paddle Fish this year. • Have four judges and review boats in place • Met with fleet Captains, • Parade results will be announced at CRYC at 4 pm. Send a representative • Tyee had a practice session on Sat. • Clever FB post from Vancouver Organization- Media person on boat from opening day last year. She will be out on another review boat this year. Great job on getting word out in Vancouver. • Met with Jason R and one of his friends to discuss the idea of individual membership for CRYA for individuals that aren’t part of a club. Jason’s friend is someone who has some IT experience and could work on the website for this membership option. Doug is trying to get Jason’s friend a log in to see if CRYA website is something he can work on. CRYA would have to figure out how to advertise this. Sportsman Shows, etc. This concept has been talked about in the past and more people would help our messaging. Jason will work on newsletters each month. • Reminder that starting in Oct. Doug R will be focusing on Christmas Ships and leaving CRYA.
Doug	• Invasive species permit in Oregon required but what about for Washington Registered boat that goes to Oregon, getting more information on this Still working on this.

Daughters of Neptune (DON) Alicia	
Public Relations/Cruise Guide: Jolene	Working on Press Release, Jason helping with this because he has some great photos to add to this
Annual Dinner	Save the Date: Annual Dinner will be held at PYC on Oct 20 th . More details to come but in the meantime mark your calendar!
Old Business	Clearance Marker on the lower section of the Steal bridge. When checked in on this last the contact sated “it’s on the list” but wasn’t able to provide an actual timeline for this.
New Business	Ken Williams- CRYC Outstation- large fishing boat with a sign that says “will be back.” Boat still has equipment on it. There is signage on this dock about length of stay allowed on this dock.
Good of the Order Ken Tennefoss- Scam Alert	Calls going out stating they were helping the treasury of CRYA- special assessment grand banks and Ken owed \$1200 to CRYA. The caller used Doug’s name and knew who the commodore and treasury was. Please let Clubs- know this scam is happening. CRYA won’t be selecting funds or making calls like this.
Next Meeting	5/19/26 @ 7:00 pm Zoom Link: https://us02web.zoom.us/j/83776150452?pwd=SEVtekt3ejJGV3M3N09iOFBBNDBSdz09 Meeting ID: 837 7615 0452

Attendance: Club Initials that are in bold had representative at this meeting
