	CRYA Meeting 5/19/26 ***Attendance listed at end of notes** **Zoom Link:** **https://us02web.zoom.us/j/83776150452?pwd=SEVtekt3ejJGV3M3N09iOFBBNDBSdz09** **Meeting ID: 837 7615 0452** **This meeting went from 7:04 to 7:59**
Topic	**Discussion**
Treasurer's Report **Doug Vandecoevering**	• Savings: $13750.75 • Checking: $20089.07 ○ Total: $33839.72 (check for insurance hasn't cleared yet) • Insurance bill still coming, approx.$8225 • Insurance is through US Sailing Association, a few years ago this was shopped around for and at that time this was still the best option. If you have other options to look at please reach out to Doug. • Suggestion to connect with Max McCuddy- Alicia will connect Doug.
Vice President's Report **Jason Resch**	• Cruising schedule is up and running -Happy Cruising • Jason was able to get a picture of the city dock in Astoria at the Marine time Museum, this dock isn't currently closed- a letter was sent to the marine board about this. • Question about the Martime Museum being a potential doner- will look into this and start conversation with the City, County, etc. for additional funds, river pilot etc. • If fixing this dock isn't a big monetary need it could be a "good neighbor" project to put together a work crew.
Adopt a Dock Program- Ken Tennefoss	• Hasn't had a ton of volunteers coming forward. CRYA will adopt Hadleys Landing • Knots will do JJ Colllins • Still looking for more volunteers. Please discuss with clubs to build a list of what clubs would like to adopt a dock • There is some paperwork (hold harmless agreement) to complete.
Katie: Dock repair report	• Hadleys Landing: ○ Contracted with Casey Marine, project completion will likely be June-July- haven't gotten an update on this; caution tape still up on the dock.

Opening Day "Spring Into Boating"	• Seamanship was great this year! Boats were well decorated. • Fire Boat was great to have out! • Channel 6- featured a segment on Opening Day. Thank you Ken and Cheryl for hosting; it was an early morning that day! • Suggestion for clubs to submit theme ideas for Opening Day to CRYC, then announce or vote on the theme and announce at the Annual Dinner. This would allow for more time clubs to be involved and create decorations. • Karen offered to help with opening day next year
Doug	• Rouge Yacht Club- this is a sailing group, a woman reached out to Doug stating they are able to sail this year due to water and asked to spread the news. • Looking for Officers for next year- Vice Pres, Treasurer and President • Been trying to get Christmas Ships to join CRYA as a club, historically they weren't interested but now more interest. The benefit to CRYA having Christmas Ships as members is that it brings in new members who are boaters that aren't associated with a local club. Christmas Ships would be able to go to open dinners and events and training. Discussion tonight supports offering them to become members. They would need to apply. • Discussion about offering individual members that would be more like an associate membership but not be a voting member due to equity around voting weight (1 person = 1 vote where as one club delegate = 1 vote)
Daughters of Neptune (DON) Alicia	• DON have some dinners coming up • Working on getting DON on the Rose Festival Ship for next year • Suggested having the DON visit Astoria City Dock and do a video on this
Mike- Safety	• Delivered about 1200 life jackets • Doernbecher's is doing a life jacket drive to CRYA and Oregon marine Board • Prefer the 3-buckle type of life jackets, but will take the older orange ones too
Annual Dinner	• Save the Date: Annual Dinner will be held at PYC on Oct 20th . More details to come but in the meantime mark your calendar!
Old Business	• Clearance Marker on the lower section of the Steal not specific timeline was provided for this.
New Business	• Last river safety task force meeting- Astoria got a government grant for a fire boat in the city but no one to man the boat or take responsibility for it- this is a political issue. But given all the shipping traffic there is no boat there to put out a fire- Concerns and may need to be a grass roots movement to get some support for this. Need to connect with Astoria Yacht Club and see how CRYA can help • Connie- Nanoos- app that covers the Columbia to about Gresham area. It has specific sections for boating, fishing, tuna, salmon etc. This app gives

	an view of current, temp, tides, etc. There is a comment section which gets read and is responded to. www.nanoos.org Nvs.nanoos.org section (Nanoos visualization section) • Constance.sullivan@oregonstate.edu will present at Aug meeting • Beacon Rock- power is on, the outside bull rail is a little rough (needs a few bolts) but otherwise in great shape. Debris was cleared as well. Doug will send a note to park ranger
Next Meeting	**6/9/26 @ 7:00 pm** **Zoom Link:** **https://us02web.zoom.us/j/83776150452?pwd=SEVtekt3ejJGV3M3N09iOFBBNDBSdz09** **Meeting ID: 837 7615 0452**

Attendance: Club Initals that are in bold had representative at this meeting
