

General Meeting Minutes - September 2025

Silent Roll Cal. KNOTS, Rose City, CRYC, TYEE, MCYC

Doug Romjue called the meeting to order.

Treasurer Report:

Doug Vandecouvering shared the following:

Checking: \$14,583.52

Savings: \$20,077.05

Executive Report:

Break even talks. We have been stable as far as finances go. Our supporters via renewals have been really helpful.

Minutes. September will be voted for approval in November considering the Annual Dinner in October

Vice Commodore:

No Report

Guest Speaker:

N/A

MCSO:

Not present

Special Committee:

Katie Schenk is working with State Parks to draft a special grant/emergency grant related to Schwitter. We are not wanting a 'band-aid' but rather a long-term solution. Will have a two-hour ,in-person meeting next week. No updates on Hadleys. Bartlett is also a new conversation we need to have - who is watching maintenance? Public records searches gave us some real information which is helping us be more effective in creating solutions.

Standing Committee Meetings:

Annual Meeting dinner pricing set for \$45. Link up on CRYA website. Thanks to Doug for promoting on the newsletter.

Ken Williams has excess chain available to solidly anchor the dock at Martin Slough. It may be time to get in the water and do this right. Doug V offered to take a small boat down. We need volunteers to make it happen.

Opening Day is 228 days to go. Looking for committee members.

Daughter updates - a couple more events left this year - it is difficult with teenage girls...

Looking for Treasurer. VP role is in action, but need a Secretary to step up. Bev is working on a backfill for her role.

Dolphin Yacht Club has sent a letter removing themselves from CRYA, noting "not aligned with values". DYC is since off the website, but what do they still get a "spot" in the Cruise Guide. Doug R will ask Jolene for clarity and direction regarding her publication.

Any Clubs with events next year, please submit for the newsletter and website.

Old Business:

Steel Bridge - still looking for some connection to a public official who can help us get signage.

New Business:

Can we get some signage or messaging at Martin Slough. Some sort of burgee or stain, QR code... something simple, perhaps? Doug V to do some research on how to promote w/o any expenses

Good to the Order:

None
