

Community Conversations on Suicide Prevention in Youths: A Project of the Idaho Lives Project and BPA Health

Dates and Times:

Mon. Sept. 27, 2021

9:00 – 10:00 a.m. MDT

Wed. Sept. 29, 2021

1:00 – 2:00 p.m. MDT

The Idaho Lives Project has partnered with BPA Health to provide free services to youths up to age 24 who have attempted suicide or who have serious thoughts of suicide. Please join BPA Health on one of these two dates to:

- Share the challenge you are seeing youths and young adults face in your schools and communities,
- Meet the BPA Health Regional Clinical Case Managers,
- Learn about the project and the services provided to youths, young adults, and their families, and
- Learn how to refer the youths, young adults, and families you are working with.

Together we can help our young people get the services they need, reduce the shame and blame, and help them successfully reintegrate back into their families, schools, and communities.

REGISTER TODAY to participate in one of the conversations.

- **Sept. 27 - 9:00 – 10:00 MDT** [Register Here](#)
- **Sept. 29 - 1:00 – 2:00 MDT** [Register Here](#)
