All are invited to this moving and informative service featuring Paris native **MIRIELLE TAUB**, who at the age of two took the last train out of France with her family before it surrendered to the Nazis. Although the train was bombed, she and her family miraculously walked to safety across the Pyrenees on their way to freedom.

Ms. Taub will share her family's incredible story of survival, as well as her late husband, David Taub's compelling story of survival as a hidden child.

*During the service we will be reciting names of loved ones people recall. If you would like up to six (6) names read aloud please contact Jodi Engel at [jengel@tign.org](mailto:jengel@tign.org) or 516-482-7800 no later than Sunday, April 19.*
