#### OLLI at Saginaw Valley State University

##### Frankie Lymon: Three Wives and an Unmarked Grave

OLLI at Saginaw Valley State University completes the programming with Dr. J of the Michigan Rock and Roll Hall of Fame. Dr. J will delve into the twisted life, career, and death of boy rocker Frankie Lymon, the lead singer of the Teenagers (1954-Present), America’s first all-teenage rock and roll group. Lymon’s soprano voice made audiences swoon. He sang The Teenagers’ first and biggest hit, “Why Do Fools Fall in Love” at just 13 years of age. It reached number six on *Billboard*’s Pop Singles Chart, and was later covered by The Beach Boys, Diana Ross, and many more. Dr. J leads the way through the dramatic twists and turns of Lymon’s life after this smash hit, into a failed solo career, heroin addiction, three wives, and one unmarked grave.

*These four Michigan OLLIs are only a small sampling of the 124 total Osher Lifelong Learning Institutes thriving across the United States. All were spearheaded and funded by Bernard Osher, a former art dealer, now in his 90's and still passionate about opportunities to learn during retirement. He believes in giving monies, then letting each OLLI do what its volunteers do best, which may vary from region to region. He sponsors the Osher National Resource Center, which provides an online wealth of information about OLLI programming and available expertise.*

*The events described above are **free** to members of the four participating Michigan OLLIs and their guests.*

**Registration is required!** Don't miss these exciting events highlighting the arts in different regions of Michigan!

Local guide Caroline Cook and OLLI will tour the iconic Fulton Street Graveyard of 1838 which contains the graves of Grand Rapids pioneers such as John Ball, and parklike Oakhill Cemetery, which opened in 1859 and served as the final resting place of the movers and shakers of Grand Rapids, such as David Wolcott Kendall, the Dean of American furniture design. ## (8) Buried in Detroit: The Historic Cemeteries Tour

From our French founding in 1701 through British rule, from America’s fight for independence through the great boom of post-Civil War era, and the ups, downs, and all around of this last century, Detroit has filled its cemeteries with the industrial tycoons, labor leaders, political powerhouses, and entertainment legends who built the town. Join Detroit History Tours as we explore the city’s historic cemeteries in a respectful, historical, adventure into our past. You’ll walk the quiet paths and tree-canopied hallows of Detroit’s world of the dead. With over thirty cemeteries in Detroit, Highland Park, and Hamtramck, we’ll hop aboard our luxury motor coach to traverse the tombstones, mausoleums, grottos, and memorials of two of our most famous. You’ll see the final resting place of the men of the Arsenal of Democracy, pay your respects to a Civil Rights icon, and toast the pharmacist inventor of a local favorite with the drink he himself created. Along our travels you may encounter the final resting place of sports stars, music icons, brilliant inventors, captains of industry, and the soldiers, sailors, and airmen who faithfully served our country. All the while, you will explore the architecture, design, landscape choices, and history of the cemeteries. As a special treat for our SVSU VIP’s we will visit the iconic Whitney Restaurant, the former mansion of David Whitney Jr. located on Woodward Ave. You’ll arrive to be greeted with coffee, cookies, and a private ghost tour of the house turned restaurant. Following the departure of the Whitney family in 1920, the house became the headquarters of the Wayne County Medical Society and functioned as a TB ward for several years. This trip includes guided tour of two Detroit cemeteries, lunch at Traffic Jam & Snug and Whitney ghost tour with refreshments. **(140a or b/141 a or b) FREE Senior Fitness Test (Designed for Ages 60-94)**

The Senior Fitness Test is an opportunity to participate in 8 activities that provide data on your personal fitness levels. As we age, it is important to be aware of fitness levels and how they relate to functional activities like putting away groceries, getting dressed, or getting around in home or community settings with a decreased risk of falls. Under the supervision of SVSU faculty, students from kinesiology and occupational therapy will do a brief interview to better understand your specific needs and expectations, and then they will guide you through each activity. Results and interpretation of these activities will be discussed with you, and a copy of this information will be provided to take with you when you leave. The entire process takes about 1 hour, and you can decide if you want to take part in all 8 activities, or just some of them, depending on your specific needs. For the safety of all participants, masks will be required for all indoor

activities. If weather permits, there will be an option to have some activities outdoors, and mask use may or may not be required depending on the university policy at that time. All materials and equipment will be sanitized between use and we are planning on small group sizes to maximize safety. SVSU is monitoring the pandemic conditions and will enact any adjustments closer to the date as needed. There are a total of 4 sessions available, so please specify which day and time frame you prefer when registering. Be sure to wear non-slip shoes (tennis shoes) and comfortable clothing.

As a participant in this course you are encouraged to bring stories of yourself and your family. Examples might be: how dad taught us to love blue cheese; the time a turkey kept reappearing in our kitchen; Grandma's superstitions that came true. Whether written or yet to be written, we will share and explore ways to begin a story, draw out an interesting story, and entice readers.
