The COVID-19 Care Campaign

All donations will be matched by Angel Donors
...up to \$300,000 - through June 30th!

Martin do Nascimento/Social Care Stories

We're thrilled to announce that **Luis Gerardo del Valle Torres, Heart's Path Charitable Foundation, Gemmer Family Foundation, Coit Family Foundation, and Brad and Lynn Smith** have collectively pledged a total of \$300,000 in matching funds for all donations and pledges made to WPE in the next 60 days.

This means that **your financial gifts to White Pony Express are matched dollar for dollar** now through June 30th. If we meet this spring goal, **\$600,000** of our estimated **\$2.3 million annual funding need** will be available to us now – when we need it most.

Your Donations in Action:

The effects of COVID-19 have especially hit seniors, our homeless population, students, and siloed neighbors in need – the very people WPE serves on a regular basis. We have just added **7 senior centers** as program recipients, and we have a **33 agency waitlist** we would love to help. The supply is there, the demand is there, **we are only limited by our operational capacity to serve the community.** Fuel, qualified staff drivers, cooler space, GPS units, pallet equipment and other costs have skyrocketed during this period – and we need your help!

Provide our staff and volunteers with PPE and safety training

Keep our delivery trucks fueled and ready

Help our distribution center stay clean and sanitized

PALABRA DE DIOS CHURCH - ANTIOCH

"God taught us to help people," says Roberto Cordoba, a 23-year-old construction worker and member of Palabra de Dios. "If we have stuff already, then why take? Let's give to the people who really need it."
