

BUSINESS NETWORKING BREAKFAST

'Business Continuity'

Have you thought about how your business would continue to function if the lights went out as happened back in 2019 – or if another disaster struck the State?

Well that's exactly what our guest speaker spends his time and expertise managing – you can't afford to miss this!

The Rotary Club of Mitcham invites you to a breakfast to network with other businesspersons and to hear this important message.

*Senior Sgt Russell Dippy is acting Officer in Charge of the Emergency and Major Event Section of SAPOL. He had a leading role in the aftermath of the State's blackout crisis and as his title implies, his responsibilities involve developing strategies to manage such emergencies. He will address the critical issue of **'Business Continuity'** in times of crises.*

JOIN US for an hour of your time!

Thursday 12th March

**7.15 am for a 7.30am start
at the Mitcham Library**

154 Belair Rd, Hawthorn

Cost of a light breakfast

Including coffee will be \$12

which we ask you to pay via

<https://www.trybooking.com/598987>

enquiries to helengo2@internode.on.net

Rotary is busy in the local community as well as nationally and internationally – we have made financial contributions to the recent fire disasters and continue to support overseas projects such as the building of an ablution block in a school in Lesotho, South Africa. Locally we erected a raised garden bed at Resthaven, and our youth programs include recently farewelling our sponsored student's educational exchange to Italy.
