

PROCLAMATION

The city is committed to recognizing and supporting those in our community who identify as transgender, gender non-binary, gender non-conforming, and gender fluid — and we call upon community members to recognize the inherent value, dignity, and humanity of all who reside in the city.

We all should ensure transgender children and youth, and people who care for them, are protected, celebrated, and allowed to live their lives authentically, shielding them from harm in our hometown.

As a community, we should strive to be a place where transgender people of all ages feel safe and welcome.

Fairfax City is a proud supporter of the TransGender Education Association of Metropolitan Washington (TGEA) — as well as their monthly meeting location, the MCC of Northern Virginia Community Center.

We will continue to support access to resources in healthcare, education, housing, transportation, and employment, which are essential to the well-being of the transgender community, and commit to providing safe public spaces free of harassment and discrimination.

Hate has no place in Fairfax City.
