

## Code 99 Program

Dear Family Physician colleague,

I am writing to you in my role as the Assistant Dean of the Faculty Wellness Program for the University of Ottawa Faculty of Medicine to ask if you might consider **providing medical care to the students, residents and staff physicians of the Faculty of Medicine** through our **Code 99** program.

The Faculty Wellness Program is proud to offer the **Code 99** Program, which helps faculty and learners from the Faculty of Medicine access timely primary care in the community. This service has been very successful. As a family physician myself and in my role as Assistant Dean of the Faculty Wellness Program I can tell you firsthand how important your care is.

**We are seeking new Code 99 family physicians!** We would be very grateful if you would consider taking on even one or two new patients through this program. As you know many learners are only in Ottawa for the duration of their academic program.

If you choose to participate Faculty of Medicine trainees and faculty who need a family physician will be provided a list of the Code 99 physicians and will contact your office to see if you could take them on. You can then decide if you would like to take on a patient at that time.

**Please let us know if you are willing to join the Code 99 program. If you are already part of the Code 99 program we thank-you and would appreciate if you could confirm if you agree to continue working with the program. You can fill out the attached form and email it back to us at [wellness@uottawa.ca](mailto:wellness@uottawa.ca)**

As always, we welcome your feedback about this service or how the Faculty Wellness Program can be more supportive of Code 99 physicians.

With gratitude for the care you provide,

Elizabeth Muggah, MD, MPH CCFP  
Assistant Dean, Faculty Wellness Program
