

## CALL FOR INTEREST

As part of the Ontario Health Team (OHT) partnership, Hôpital Montfort is collaborating with the OPH to provide a better transition of postnatal care in the community for women (both English and French) who have given birth at Hôpital Montfort.

We are looking for a family physician, ideally, bilingual (we are flexible with this), to support the physical component of the follow-ups of a very small percentage of women (both Anglophone and Francophone) who have given birth at Hôpital Montfort who do not have a family physician and who will be identified as being at risk for perinatal depression after the 6-week postpartum period (regular period of regular follow-ups by the OB/GYN service).

The interested family medicine resource will be part of the circle of care, including Dr. Giroux (psychiatrist) and Ottawa Public Health (OPH) nurses.

Recognizing the workload of everyone in the current pandemic environment, we hope that you would support us in this collaboration to meet the needs of our communities.

If you are interested or would like more practical information on this topic, please contact Judith Makana, Professional Practice Advisor, at the following coordinates

Email address: [judithmakana@montfort.on.ca](mailto:judithmakana@montfort.on.ca)

Telephone: 613-746-4621, ext. 3119

Thank you in advance for your interest and consideration of this great initiative for our populations.
