*University of Ottawa, author of *The Diet Fix: Why Diets Fail and How to Make Yours Work.**

### **November 7, 2020, Radio-Canada, [Ontario-Quebec et leurs différentes approches sur le déconfinement](#)**

*Québec refuse de rouvrir les gymnases et les salles de spectacles en zone rouge, alors que l'Ontario l'a fait (le 14 novembre pour Toronto). Pourtant, la pandémie de COVID-19 touche de manière presque identique les deux provinces. « Il y a un équilibre entre choisir la qualité de vie et le rythme économique », affirme le **Dr Hugues Loemba**.*

### **November 7, 2020, CBC, [Ottawa restrict zone orange restaurants bars gyms](#)**

*A host of new activities are once again permitted in Ottawa starting Saturday, now that the city is classified in the orange zone under the province's new COVID-19 guidelines. "The measures outlined in the provincial framework will allow us to maintain a balance that will see us through this pandemic. It's a marathon, not a hurdle race," said **Dr. Vera Etches**, Ottawa's medical officer of health in a statement Friday about the latest reopening measures. **Dr. Doug Manuel**, a senior scientist at The Ottawa Hospital, said Etches's advice is key at this moment to both keeping numbers low while ensuring what's expected of Ottawa residents is sustainable in the long run.*

### **November 14, 2020, Ottawa Citizen, [Covid-19 new cases edge down in ontario ottawa shows 41 new cases kingston reports first school outbreak](#)**

*According to **Doug Manuel**, an epidemiologist and senior scientist at the Ottawa Hospital Research Institute, there's a cautious optimism that Ottawa is truly seeing fewer COVID-19 cases "but with some uncertainty still."*

### **November 16, 2020, CBC, [Ottawa covid cases plateauing and slow decline](#)**

*"We're kind of knocking on wood that in Ottawa we might be on a slow, slow decline," said **Dr. Doug Manuel**, a physician and senior scientist at The Ottawa Hospital.*

### **November 17, 2020, Yahoo News, [No evidence that melatonin can be a treatment for covid](#)**

*"It is simultaneously not at all surprising and incredibly disappointing that @ClevelandClinic is peddling bulls\*\*\* like this, and in so doing further eroding societal scientific literacy by spurring on predatory, clinical-evidence-not-required bandwagon fueling supplement sales," tweeted **Dr. Yoni Freedhoff**, an associate professor of family medicine at the University of Ottawa.*

### **November 17, 2020, CBC, [covid-19 vaccine ontario rollout](#)**

**Doug Manuel**, epidemiologist at The Ottawa Hospital, says promising news about the effectiveness of Moderna's COVID-19 vaccine is welcome, but doesn't mean residents should let their guard down

**November 17, 2020**, Ottawa Matters, [Ottawa based app could play role in monitoring covid-19 vaccine safety](#)

"CANImmunize working with CANVAS could provide a unique digital solution to help monitor the safety of a new vaccine." The research team includes Katherine Atkinson, Dr. Julie Bettinger, Dr. Dean Fergusson, Dr. Alan Forster, **Dr. Doug Manuel**, Dr. Anne McCarthy and Dr. Wilson.
