Fellow Skålleagues,

I am again honored to be nominated to run for the key position of internal auditor, representing the membership of our association.

For over two decades, I have been dedicated to the Skål movement at both the local, national and international level, during some very dynamic times.

Holding the position of internal auditor has provided significant insight into the administration of Skål International. One of the key responsibilities of auditor is using the position to suggest improvements, identify opportunities and respond to the membership when called upon.

I foresee an appetite for significant changes in the future. Knowing where we have come from to where we are moving toward, provides an opportunity to offer some historical wisdom to the administration while ensuring the membership's wishes and interest are kept in the forefront.

Meeting many of you over the years, and demonstrating my continued dedication to the membership, I kindly ask for your support in this election.

Thank you and SKÅL!!!!

John J. Ruzich, OBE
