5. Once date is selected, scroll down until you see the Museum and select what time you would like to come and click add to cart.

College Park Aviation Museum

College Park Aviation Museum
1985 Corporal Frank Scott Drive
College Park, MD 20740
301-864-6029

Visitors to the museum step into an open 1 1/2 story exhibit space, which highlights the display of unique aircraft and artifacts and tells the story of the airport's many firsts in flight to today. The museum gallery contains historic and reproduction aircraft associated with the history of the airfield, as well as hands-on activities and interpretive areas for children of all ages. Changing exhibits and new programs every month keep visitors coming back for more. The College Park Airport, listed on the National Register of Historic Places, also features a 1919 airmail hangar and Compass Rose on the grounds. The airport runway is just outside the glass windows of the museum so be sure to watch for a take-off or landing as today's pilots take to the sky! Due to COVID-19 restrictions, certain interactives will not be available including Flight School. Each person arriving must have a reservation. You may only reserve for members of your household. All reservations are final. No rainchecks or refunds will be issued for missed appointments. The health and safety of our patrons and staff is our top priority. Because of Covid-19, we are implementing new procedures and guidelines so that everyone can enjoy the facilities as safe as possible.
