

How to Scan a QR code on an Android Phone

1. Press and hold the home button.
2. Then tap Lens.
3. Point your camera at the QR code.
4. Then tap the magnifying glass icon to scan the QR code.
5. Finally, tap the pop-up notification.

Scan a QR code with your iPhone or iPad

1. Open the Camera app from the Home screen, Control Center, or Lock screen.
2. Select the rear facing camera. Hold your device so that the QR code appears in the viewfinder in the Camera app. Your device recognizes the QR code and shows a notification.
3. Tap the notification to open the link associated with the QR code.
