CHILDREN'S HOSPITAL COLORADO

Children's Hospital Colorado

Locum Tenens Service is Hiring!

If you're not sure where your dream job is yet and would like an opportunity to examine different practices, or if you need a temporary position to fill in some time before the next stage of your career, or if you are looking for a work life balance that you control, the Children's Colorado Locum Tenens program may be the answer for you.

The Locum Tenens Service provides short term, outpatient pediatric care coverage in pediatric and family medicine private practices throughout Colorado and Wyoming. Our clients trust that our physicians are excellent clinicians, friendly providers, and familiar with CHCO and the community.

The Locum Tenens Service offers physicians a way to gain invaluable experience and to grow their clinical skills while experiencing various types of private practices prior to making a long-term commitment. Additionally, our program can provide a flexible work schedule for those already committed to research projects or other pre-fellowship activities.

Locum Tenens physicians receive:

- Generous hourly compensation.
- Mileage reimbursement at the current IRS rate for an assignment more than 20 miles from your home.
- Lodging provided at no cost to you, plus a per diem for assignments requiring overnight stays.
- Medical Malpractice Insurance provided through Children's Hospital Colorado Self Insurance Trust.
- The freedom and flexibility to accept or refuse any assignments offered. There are no required or promised number of shifts, and no long-term commitment beyond the dates you have accepted.
- Support and assistance from the team you have come to know and trust here at Children's Colorado.

Alison Brent, MD
Medical Director
