Wyoming Department of Health

COVID-19 Response | COVID-19 Immunization Data Brief
March 12th 2021

COVID-19 Vaccination Campaign

Current Vaccination Phase:

- PHASE 1c – 83% of counties
- PHASE 1b – 17% of counties
- County-level phase status information can be found HERE
- A comprehensive description of phases and priority groups can be found HERE

- Updates to the WDH Phase 1 designations were released on March 2. Vaccine supply remains lower than demand, therefore, individuals named in Phase 1 may still experience delays in receiving the vaccine.
- There are now three safe and effective vaccines against COVID-19. The Janssen COVID-19 Vaccine has been approved for Emergency Use Authorization. This is a one dose vaccine. Wyoming providers received 4,800 doses of Janssen vaccine the week of March 1 and 700 doses will be sent the week of March 15.

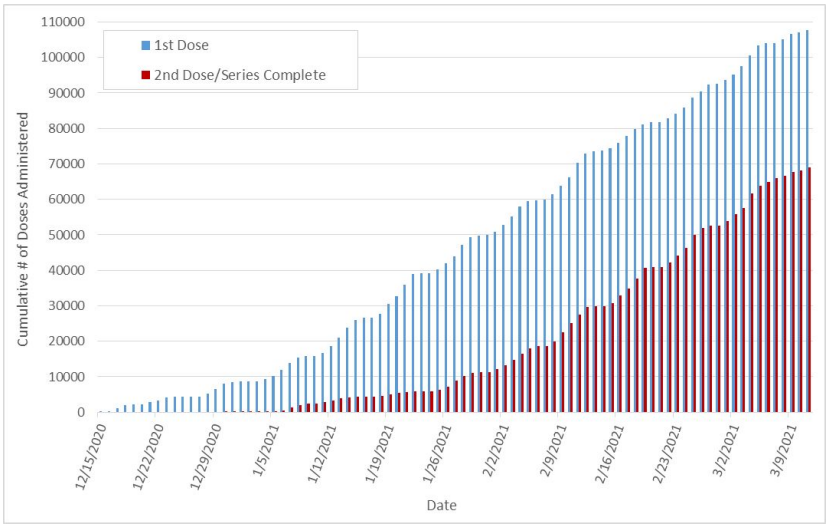

1st DOSES RECEIVED*
134,780
2nd DOSES RECEIVED*
101,075

1st DOSES ADMINISTERED*
113,699
2nd DOSES ADMINISTERED/*
73,044

**Received and administered doses exclude Wind River Indian Reservation, Military, and VA; 2nd dose received and administered includes Janssen Vaccine*

COVID-19 Vaccination Campaign Data

Cumulative Number of Doses Administered in Wyoming, Dec 15th 2020 – March 11th 2021

Data Sources:
HHS/OWS; WDH WYIR; Facility reports

Nursing Home and Assisted Living Facility Staff and Resident Vaccinations
65 out of 71 facilities reported vaccination data

	Total Number	Total Vaccinated	% Vaccinated
Staff	4,859	2,144	44.1%
Residents	2,974	2,424	81.5%

Key Points & Resources

- Vaccine supply remains limited.
- Getting vaccinated is free. If you have insurance, your insurance can be billed for administration fees. No fees will be billed to you. If you do not have insurance, you will be able to get the vaccine and no fees will be billed to you. Vaccines are free and insurance is not required. Some people may be asked to show Medicare or insurance cards so professionals giving shots can be reimbursed.
- The CDC began the Federal Retail Pharmacy Program late the week of February 8. In February, 7,740 doses of COVID-19 vaccine were shipped to Wyoming pharmacies through this program. Pharmacies have to follow Wyoming's priorities that are set at the state level for the program.
- Nursing Home and Assisted Living Facility staff and residents were provided vaccinations as part of Phase 1a vaccine priorities within Wyoming. Vaccination of new staff and residents will continue through coordination with local public health or hospitals.
