

COVID-19 RESPONSE | COVID-19 IMMUNIZATION DATA BRIEF

OCTOBER 11TH 2021

COVID-19 Vaccination Campaign

- Find COVID-19 Vaccines Near You: [Vaccines.gov](https://www.vaccines.gov)
- Getting vaccinated is free. If you have insurance, your insurance can be billed for administration fees. No fees will be billed to you. If you do not have insurance, you will be able to get the vaccine and no fees will be billed to you.
- Vaccination coverage data is available for each county [HERE](#). A map showing county level vaccination coverage data is attached. NOTE: vaccination coverage data only includes people who live in Wyoming and administration data is compiled from all Wyoming COVID-19 vaccination providers (includes people who don't live in Wyoming).
- As of September 27, 2021, 11,859 12-17 year olds, living in Wyoming, have been fully vaccinated.
- On September 22, the FDA amended the Emergency Use Authorization for the Pfizer COVID-19 vaccine to include a single booster dose at least 6 months after the primary series for certain groups of individuals who received Pfizer vaccine as the primary series. On September 23, the CDC recommended the following groups should receive a booster dose at least 6 months after their Pfizer primary series: People 65 years and older, Residents in long-term care settings of any age, and People aged 50-64 years with underlying medical conditions. Additional information regarding individuals who may receive booster doses is available [HERE](#).
- Statewide 14,598 additional doses and booster doses have been administered.
